

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THIS IS THE FIRST COOK BOOK

ever planned to help the housewife take advantage of Nature's changing supply of foodstuffs from season to season, tho such timeliness is the chief determining factor in the economy, palatability and healthfulness of many articles of diet. Long-continued practical experience convinced Mrs. Scott of the need for such a guide to good meals, hence this unique arrangement of recipes for meat, fish, fruits, vegetables and dairy products in the order of their seasonal abundance.

The average woman who never thought of the matter in this light will be astonished at the usefulness of this Seasonal Cook Book. It will enable her to make timely use of what is in market, and by so doing will help not only to reduce the cost of living, but at the same time increase the pleasure of the table. In addition to these notable advantages, its use in the home will make for better health, since Nature is wiser than man in adapting her food offer-

ings to changing body needs as influenced by changing seasons.

Each recipe here given has been repeatedly tested by Mrs. Scott and other housewives in the everyday round of meal serving, and while this book by no means represents the full fruitage of this famous expert's many years of practical experience, it easily paves the way to a highly palatable and well-balanced diet, economically planned to meet the possibilities of the average pocketbook. Its contents are based on the latest scientific knowledge of nutrition and consequent revisions as to food values and diet needs.

For more than forty years "palatable economy" has been Mrs. Scott's aim, and these pages reflect her notable achievements in this most necessary attempt to keep living costs within reason without subjecting people to added labor or lack of food that is good and good for them.

Part I—Spring Recipes

(April, May, June)

SOUPS

CREAM OF SPINACH SOUP

Use the left-over spinach and spinach stock. To a half cup of spinach and 1 cup of stock add 3 cups of skim milk, seasoning and flavoring to taste. Rub thru the strainer and add a little cornstarch thickening and 1 tablespoon oleomargarine, seasoning to taste.

ASPARAGUS SOUP

Wash asparagus trimmings and cover with boiling water, add 1 teaspoon salt and 1 teaspoon of cut onion; boil slowly for 35 to 40 minutes; mash thru strainer. To each cup of asparagus 2 cups of water have been added, but when it has been boiled you will have only 1 cup of stock (water). Add 1 cup of milk to each cup of stock, 1 teaspoon of butter substitute rubbed until smooth with 1 teaspoon of flour and boil 5 minutes.

TOMATO BISQUE, CHEESE FLAVOR

2 cups tomatoes. 2 cups milk.
1 tablespoon butter substitute.
1 tablespoon flour. Pinch baking soda.
1 teaspoon salt. 1 teaspoon sugar.
 $\frac{1}{8}$ teaspoon paprika.
4 teaspoons grated cheese.

Put the tomato on to boil; boil 5 minutes, then add soda, salt, sugar and pepper; strain into boiling milk or rice stock which has been thickened with the butter and flour, which have been rubbed together; boil 3 minutes. Sprinkle 1 teaspoon of the grated cheese on each cup of soup; serve at once. The cheese makes a pleasant change and adds extra food value.

PEA PORRIDGE

- 1 pint shelled new peas.
- 1 pint raw diced potatoes.
- 1 tablespoon grated onion.
- 1 tablespoon oleomargarine.
- 1 tablespoon flour.
- 1 teaspoon salt. A little white pepper.
- 2 tablespoons chopped parsley or 1 tablespoon chopped fresh mint or scallion top.
- 2 cups milk.

Put the peas and potatoes on in 4 cups of water; boil 30 minutes, add seasoning, milk, flour and oleomargarine rubbed together until smooth. Boil 5 minutes, then add parsley, mint or scallion. This is a thick porridge.

PEA SOUP MADE FROM PODS

Wash the young pods, remove the blossom end and cut into small pieces; put into saucepan and cover with cold water; add 1 teaspoon sugar, a little salt and 1 tablespoon of cut scallion top. Boil slowly for 1 hour, drain and to each 3 cups of the stock add 1 cup of milk, 1 tablespoon butter substitute and 1 tablespoon flour rubbed smooth. Boil 5 minutes, add seasoning to taste.

This can be made without the milk and makes a very tasty soup.

STEWED SNAPPER

The cleaned snapper is cut into small pieces and boiled in salted water until tender; drain and put into sauce, which is made as follows:

- 4 tablespoons butter.
- 4 tablespoons flour.
- 3 cups milk.
- $\frac{1}{2}$ teaspoon whole cloves.
- $\frac{1}{2}$ teaspoon whole allspice.
- Small piece mace.
- 1 tablespoon caramel.
- 1 teaspoon Worcestershire sauce.

Make cream sauce, add spices and stand aside for 20 minutes; then strain; add the Worcestershire sauce and more hot milk if necessary.

Note: The stock is saved for snapper soup.

FISH

BAKED SHAD

Remove the head and tail; split down the back and remove the backbone and the small bones along the edge. Wash in cold water, but do not allow fish to lie in the water. Dry with piece of cheesecloth. Brush a shallow pan with 1 tablespoon drippings; put in the shad, skin side down; sprinkle with 1 teaspoon salt, $\frac{1}{8}$ teaspoon pepper. Melt 1 tablespoon butter or butter substitute and put over the shad; sprinkle with a little flour and pour over $\frac{1}{2}$ cup of milk; place in very hot oven 25 to 30 minutes. It should be a light brown. The hotter the oven, the better the shad will be. If browned in less than 15 minutes, reduce heat, as it takes 25 minutes to cook thru.

BROILED SHAD

Prepare the shad the same as for baking. Rub the broiler with a little drippings; lay the shad, which has been dried with a piece of cheesecloth, on the broiler. Put over a clear fire and turn as soon as it begins to heat; the more you turn the better it will be. It takes from 20 to 25 minutes to broil the fish. Put on hot platter, melt 1 tablespoon butter or butter substitute, add 1 teaspoon salt, $\frac{1}{4}$ teaspoon paprika and pour over the fish. Set in moderate oven about 15 minutes before serving; garnish with parsley and thin slices of lemon which have been dipped into finely chopped parsley.

BAKED SEABASS

Scale the fish and remove head; then split and remove center bone; cut away the small bones along the edge. Wash and dry between pieces of cheesecloth. The fish must never remain in water after it has been scaled. Brush a bakepan with drippings; put in fish, skin side down; sprinkle with salt, pepper and flour and a few thin slices of bacon. Put in hot oven and bake 30 minutes. Serve with or without sauce.

PANNED PORGIES

After scaling, remove head, split the fish and remove backbone and fin bones; rinse in cold water and dry on piece of cheesecloth; sprinkle with salt, pepper and flour.

Put drippings in pan; when hot put the fish in skin side down; sear quickly on both sides, then fry slowly until well done; garnish with lemon and sprigs of parsley.

BAKED FISH, SPANISH STYLE

- 2 to 2½ pounds weakfish or fish of choice.
- 6 ½-inch slices raw tomato.
- 2 tablespoons grated onion.
- 4 tablespoons chopped green pepper.
- 2 tablespoons melted drippings or cooking oil.
- 1 tablespoon flour. 1½ teaspoons salt.

Have the weakfish split and the backbone removed; lay in shallow pan which has been brushed with drippings, skin side down; sprinkle fish with salt, cover with sliced tomatoes, onion and peppers. Sprinkle with flour, the balance of salt and fat. Put ¼ cup of water in the pan to form gravy; put in hot oven 30 minutes, or until light brown; baste two or three times; serve on hot platter and garnish with parsley. Any medium-sized fish or steakfish can be prepared in this way.

TO BOIL HARD-SHELLED CRABS

Crabs must be alive when put into a boiler one-third full of boiling water; add 1 tablespoon salt, a pinch of red pepper to each quart of boiling water. With tongs or large skimmer take one crab at a time and put in the boiling water, hard shell down (they will die at once). Cover and boil for 30 minutes. Remove at once and spread apart to cool.

When ready to pick, remove the claws and talons, hard shell and apron; remove the stomach, which is under the head, and the "dead men's fingers." With a sharp knife cut in half and remove the meat carefully. Put the picked meat in a colander, which must be set on plate and kept on ice until used.

- 1 teaspoon flour.
- 1 teaspoon chopped parsley.
- 1 teaspoon salt. Pinch red pepper.

Put the butter into saucepan; when melted add flour and mix well; then add the cold milk slowly; stir until smooth and creamy. Pour over crab meat and add the salt, pepper, parsley and Worcestershire sauce; mix well. Fill into crab shells which have been scalded and well cleaned. Cover with breadcrumbs, then with egg (1 egg beaten with 1 tablespoon of cold milk), then with breadcrumbs; fry in deep hot fat or bake in oven.

DEVILED CLAMS

Fresh clams are best, but where one lives where there are no fresh clams, canned ones may be used and prepared in scallop shells, or ramekins may be used.

- 8 large or 12 medium-sized clams.
- 2 tablespoons butter.
- 2 tablespoons flour.
- 1 cup milk.
- 1 tablespoon grated onion.
- 1 tablespoon finely chopped parsley.
- 1 cup fresh breadcrumbs.
- $\frac{1}{2}$ teaspoon salt. $\frac{1}{8}$ teaspoon pepper.
- $\frac{1}{8}$ teaspoon paprika. 1 egg.
- 1 cup dry breadcrumbs.

Put the clams thru meat chopper; strain liquor; put the chopped clams in and place over fire. When it comes to a boil add the milk; bring to a boil. Have the butter soft and mix with the flour until smooth and add to boiling clams and milk; add onions and fresh breadcrumbs and all seasoning. Keep on fire a few minutes. Have the shells clean and fill them round-
ing full. Cover with well-beaten egg and dry breadcrumbs. Bake in hot oven 30 minutes or fry in deep, hot fat.

SAUCE CREOLE

- 2 tablespoons drippings or cooking oil.
- 1 cup finely cut onion.

- $\frac{1}{8}$ teaspoon paprika.
- $\frac{1}{2}$ teaspoon whole cloves and allspice.

- 2 tablespoons flour.
- 1 tablespoon Worcestershire sauce.
- 2 tablespoons finely cut parsley.

Put drippings or oil in frypan; add the onion and fry until brown. Add tomatoes, spices and seasoning; cook until quite thick. Add 2 cups of vegetable or rice stock or water. Cook slowly 20 minutes. Add flour, which has been mixed with a little cold water. Boil 5 minutes and rub thru strainer. Add caramel, Worcestershire sauce, parsley and green peppers. This will keep 2 or 3 weeks if put in glass jar and kept in cool place.

1 tablespoon finely chopped parsley.

¼ teaspoon powdered mace. Breadcrumbs.

Put the veal on to boil in very little water, add salt, pepper and small onion. Boil slowly until tender (the water must have boiled away). Put the meat thru food chopper; add the white sauce, chopped parsley, mace and a well-beaten egg; mix well. Spread on platter and set in cold place for 2 or 3 hours. (This can be made the day before.) Take a tablespoon into floured hands and shape into cutlets. When all are shaped, dip into well-beaten egg (1 egg and 1 tablespoon of milk), then into breadcrumbs. Fry in very hot cooking oil until browned nicely. These cutlets are exceptionally nice for a lap affair.

2 pounds lean stewing veal.

2 cups cold boiled rice.

2 cups cream sauce. 1 teaspoon salt.

Pepper to taste.

½ teaspoon grated nutmeg or scraped onion to taste.

Boil veal until tender. When cold, put meat and rice thru food chopper; add sauce and other ingredients; mix well; spread on plate; put in cold place. When cold and firm take a tablespoonful into floured hands and mold into cones or oblong shapes. CHICKEN EN CASSEROLE

4 to 4½ lbs. stewing chicken.
 1½ cups cut carrot. 1 cup cut onion.
 4 tablespoons chopped green pepper.
 2 tablespoons cut parsley.
 2 tablespoons drippings.
 2 tablespoons flour. 1 teaspoon salt.
 Dash paprika.

Clean the chicken the same as for stewing. The backbone, wing tips, neck and giblets are used for soup. The drumsticks, thighs and breast (cut in 2 pieces) are put in iron pan with drippings and seared on both sides. Put half of onion and half of carrot in the bottom of the casserole, then a layer of the seared chicken, then the remainder of the vegetables, salt, chopped peppers and paprika and 2 cups of boiling water; cover and put in moderate oven 2½ to 3 hours. I would never cook a young chicken like this; fowls are best cooked in this way. Mix the flour with a little cold water and add to the gravy just before serving; sprinkle with chopped parsley.

FRIED CHICKEN, BROWN GRAVY

Singe, wash and clean the chicken; cut into pieces as follows: Two thighs, 2 drumsticks, 2 wings, the breast cut in 2 pieces, the backbone cut in 4 pieces. Wipe on piece of cheesecloth; dust with salt and pepper, dredge in flour. Put into frying pan with 2 tablespoons drippings or butter substitute.

Put pan over fire, lay chicken in and brown quickly; add a little water and reduce heat and fry slowly on both sides with cover on. You may have to add a little more water. When tender remove from pan and add 1 tablespoon of flour; mix with whatever gravy or fat there is in the bottom of the pan; then add 1 cup of cold milk; boil a few minutes.

EGG SHELLS ARE USEFUL

Be sure to save all egg shells for clearing coffee, also for clarifying drippings and the cleaning of bottles. Crush the egg shells fine, put in bottle with a little soap powder and hot water; shake the bottle well.

STEWED CHICKEN

Cut the breast into 4 parts; joint the thighs and wings; put into boiler with boiling water to cover and a small onion and boil slowly 2 hours; add 1 teaspoon salt, 2 tablespoons flour, which has been mixed with a little cold water, and boil 5 minutes. Serve on a platter with border of potatoes and gravy. Sprinkle with chopped parsley.

TO HAVE LIGHT CAKES

Always beat rather than stir your cake batter. The reason for beating batter is to introduce air into the mixture, while stirring makes it more solid and airless.

DON'T WASTE THIS FOOD VALUE

When mint is plentiful a small sprig can be added for those who like the flavor.

 1 cup cold milk. 1 teaspoon salt. Dash white pepper.

Put the drippings into pan; add onion and flour; mix well, then add the cold milk slowly; boil 3 minutes; add salt and pepper. If you have no bacon drippings on hand, fry 2 or 3 thin pieces of bacon and use the bacon to garnish the beans.

BEEF TOPS

Cut the tops of beets off about 1 inch from beet; wash both; put the beets in saucepan, cover with boiling water. The tops are put in strainer on top of beets; cover and boil until tender. In that way the beets will be ready for next day, and one cooking will do both tops and beets. BOILED NEW POTATOES IN THE SKINS

In the first place, it takes less time to prepare them, no waste and the full flavor of the potato is retained. The brown skin may not look quite as attractive as the snow-white potato, but there is a mighty good flavor just under the skin which one does not get if the potatoes are pared. Try them some time.

HASHED POTATOES WITH MEAT

Left-over potatoes. Left-over meat.

2 tablespoons finely cut onion.

2 tablespoons finely cut parsley.

1 tablespoon drippings.

Salt and pepper to taste.

Chop the potatoes and meat rather fine. If 3 cups of potatoes and $\frac{1}{2}$ cup of meat are used, use 1 tablespoon of drippings; if less, use less drippings. Put drippings into frypan with the onion, cook a few minutes, then add the chopped potatoes, season to taste. When heated thru add the chopped meat, and if a little gravy was left over, add it. Heat thru, serve on toast and sprinkle with parsley.

1 tablespoon sugar.

1 level teaspoon salt.

Pepper to taste.

1 teaspoon butter.

1 tablespoon flour.

Boil the tomatoes very slowly until quite thick; add seasoning and flour; boil 5 minutes.

I frequently serve and prepare in small ramekin dishes; brush casserole or ramekin with butter; put in the tomatoes and seasoning. A little onion juice may be added. Bake slowly until tender; then stir with fork.

SALADS

AN ATTRACTIVE SPRING SALAD

The dressing should have a little grated onion in it.

DANDELION AND SCALLION SALAD

1 quart dandelion.

1 cup cut scallions.

½ cup dressing of choice.

1 hard-boiled egg.

Clean, wash and cut the dandelion into ½-inch pieces; scallions are cut the same. Put into cold water for 1 hour; drain; put into a flour bag that you keep for that purpose. The egg is hard boiled at any time during the morning. Dressing can be made the day before. A good plan is to make enough salad dressing for a week. When mealtime comes, mix dandelion, scallions and dressing together, and garnish with finely chopped hard-boiled egg.

DEVEILED EGG SALAD

- 6 hard-boiled eggs.
- ½ cup mayonnaise or boiled dressing.
- 6 tablespoons chopped green peppers.

Mash the hard-boiled eggs thru coarse strainer; add the mayonnaise; mix well and form into small pear shapes. Roll in the chopped green pepper. Line platter with lettuce and place the pear-shaped egg mixture on top.

PINEAPPLE SALAD

Wash and pare the pineapple and remove the eyes. Cut in half the long way and with fork pick into small pieces; serve on bed of lettuce with French dressing made with lemon juice instead of vinegar or with mayonnaise mixed with whipped cream.

JELLIED TOMATOES IN BOATS

Wash and pare 2 even-sized cucumbers; cut in half the long way; point one end and round the other. Remove the center, leaving only a thin shell. Fill cucumber with jellied tomatoes cut into dice or fresh tomatoes cut in quarters. In the early fall, when cucumbers and yellow tomatoes are plentiful, cut them in quarters and put in the cucumbers and cover with boiled dressing.

Note: Shrimp salad served in the cucumber boats is very attractive.

WATERCRESS AND HARD-BOILED EGG SALAD

- 4 hard-boiled eggs.
- 1 bunch watercress.
- A few lettuce leaves.

Mix cut fruits, put on lettuce leaves and surround with diced gelatin, made as usual, or have individual molds and place on lettuce and surround with the mixed fruits. Serve with dressing of choice.

Toasted crackers go well with this salad, and no dessert is used.

HAWAIIAN SALAD

- 1 cup fresh grated cocoanut.
- 2 cups seeded raisins.
- 2 cups finely cut apples.
- 2 cups shredded lettuce.
- 1 cup salad dressing.
- ½ teaspoon salt.
- 1 medium-sized sweet pickle.

Wash the raisins in warm water, drain and dry; mix with finely chopped apples, salt and half the cocoanut. Line salad dish with shredded lettuce, put mixture in center; cover with mayonnaise or salad dressing of choice; sprinkle top with remainder of cocoanut; garnish with pickle, which has been cut into thin slices, and thin slices of pimento.

TO KEEP LETTUCE FRESH

As soon as purchased it should be cleaned and separated. If the center is hard, leave it whole; put into cold water and wash; drain in colander and shake dry, then put into a clean cotton flour bag or cheesecloth. If you have neither, put in paper bag and close top and place in a cold place. It is best to use the outside leaves first and where a whole head is used for one meal shred it in $\frac{1}{4}$ -inch strips, using a sharp knife.

SHRIMP SALAD, FRESH TOMATOES

1 can shrimp. 2 cups shredded lettuce.
 $\frac{1}{2}$ cup mayonnaise or salad dressing.

MAYONNAISE DRESSING

 ¼ teaspoon salt. Pinch of cayenne pepper.
 1 tablespoon lemon juice or vinegar.
 1 cup olive oil. 1 egg yolk.

Mix mustard, sugar, salt and pepper in bowl; add the yolk of egg; add 1 teaspoon of lemon juice and stir until smooth; then add the oil, drop by drop. When it is stiff add a little more lemon juice. Keep on adding the oil slowly, stirring constantly until the oil is used. Whenever it gets too stiff add a little more lemon. After the mayonnaise has formed the oil can be added a little faster.

Note: It is very important that everything, including the bowl in which it is mixed, should be very cold.

PIES

RHUBARB PIE

3 cups rhubarb. 1 cup sugar.
 2 tablespoons flour. 1 tablespoon milk.
 1½ cups flour. ¼ teaspoon salt.
 3 tablespoons shortening.

Sift the flour and salt into bowl; add shortening and rub very lightly with the tips of fingers until well mixed; add a few drops of cold water at a time until you can shape it. Divide into 2 parts, roll out thin; dust pietin with flour and cover with dough, then sprinkle with 1 tablespoon of flour; put in the rhubarb, which has been washed and cut into ½-inch pieces; cover with the sugar and another tablespoon flour, brush edges with milk. Roll out the top crust, cover and press the edges together. Make 2 or 3 cross cuts on top (for the steam to come out); brush the top with milk and bake in moderate oven from 35 to 40 minutes. This makes a 7-inch pie.

Rhubarb pie is one of the most difficult to make, the rhubarb being so watery. Always be sure to put the flour under and over the rhubarb.

CHERRY PIE

1½ cups flour. ¼ teaspoon salt.
3 teaspoons shortening.
3 cups pitted cherries.
1 teaspoon milk.
1 cup sugar.

Sift flour and salt into bowl; add shortening and rub in very lightly; add just enough cold water to hold together. Divide and roll out thin; dust plate with flour, line with dough, sprinkle bottom of dough with 1 tablespoon flour (to keep from becoming soggy); add the cherries, then another tablespoon flour and then the sugar. Brush the edge of bottom crust with cold water, then put on top crust, press the edges firmly. Brush top with a little milk; make 2 or 3 airholes; bake 30 to 35 minutes. Be sure the bottom crust is well baked.

HUCKLEBERRY PIE

3 cups huckleberries. ½ cup sugar.
1½ cups flour. 3 tablespoons shortening.
½ teaspoon salt.

Sift the flour and salt into bowl, add the shortening and rub in very lightly; add just enough cold water to hold together. Roll out on floured board; line pietin; sprinkle crust with flour; put in the huckleberries, which have been picked over; sprinkle with the sugar and a little flour; wet edges with cold milk; cover with crust; make 2 or 3 cuts in the crust, brush with milk and bake in moderate oven 45 minutes.

PINEAPPLE MERINGUE

1 cup grated pineapple.
1½ cups water. ½ cup sugar.
1 teaspoon lemon juice.
2 tablespoons cornstarch.
A few grains of salt. 2 eggs.

Put the water on to boil; add the cornstarch, sugar, yolks of eggs, which have been mixed together. Boil for 5 minutes; add the grated pineapple and lemon. Set aside to cool.

Line pietin with crust and bake same as for lemon meringue pie; pour in pineapple mixture. Beat whites of eggs until dry and add 2 tablespoons granulated sugar; beat until mixed and spread over the pie. Rough top with fork and dust liberally with pulverized sugar. Put in oven to dry. The oven must not be very hot. If it is, the meringue will dry on top and get watery on the bottom.

BLACKBERRY PIE

What can be done so the berry pie will not be too juicy? Put the berries in colander or strainer, pour cold water over; when well drained, sprinkle liberally with flour; put in the crust. Mix $\frac{1}{4}$ cup of sugar with 1 tablespoon of flour and sprinkle over the top of berries. Brush the edge of bottom crust with milk before putting on top crust, and press firmly. This will keep the juice from coming out.

Note: Red currant, gooseberry and raspberry pies are made the same as blackberry.

ELDERBERRY PIE

2 cups elderberries. $\frac{3}{4}$ cup sugar.
 $\frac{1}{2}$ teaspoon cinnamon. $\frac{1}{4}$ teaspoon salt.
 1 tablespoon cornstarch.

Wash and pick the elderberries, put in saucepan with 1 cup of water, bring to boil, add sugar, salt, cinnamon and boil 5 minutes, then add cornstarch, which has been mixed with a little cold water; boil 3 minutes. When cold, put in pie plate, which has been lined with good pie dough; cover and brush top with a little cold milk. Bake 30 minutes in hot oven.

1 can fresh grated cocoanut. $\frac{1}{2}$ cup sugar.
 Pinch of salt. 1 cup milk. 2 eggs.

Beat eggs, milk, sugar and salt together; add can of cocoanut; pour into pietin that has been lined with pie crust. Bake in moderate oven on bottom rack 30 to 35 minutes, or until set. Try with silver knife; if knife comes out dry, the pie is done; if the custard and cocoanut separate, it has baked too long. This fills a 7-inch pie of regular depth. The crust is made as told before.

LEMON CUSTARD PIE

3 tablespoons lemon juice.
 $\frac{1}{2}$ teaspoon grated lemon rind.
 1-3 cup of sugar. 2 eggs.
 Pinch salt. 2 cups milk.

Line deep pietin with good pie crust; pour in the mixture and bake until custard is set. If baked too much, it curdles, and the eggs separate. Always try a custard pie or pudding with a silver knife; if the knife is dry after testing, the custard is done. The custard is made by beating the eggs, sugar, salt, milk; then add the lemon juice and rind.

TO KEEP IN PIE JUICE

When baking rhubarb and cherry pie, it is important to sprinkle the lower crust with flour before putting in the fruit. It is also necessary to wet the edge of crust with cold water before putting on the top crust, so the juice does not come out. Do not forget to make 2 or 3 incisions in top to let the steam escape. If these suggestions are followed, there will be no need for cleaning the bottom of the oven after the pie is baked, as no juice will escape.

LEMON MERINGUE PIE

- 1 tablespoon lemon juice.
- 1 teaspoon grated lemon rind.
- 1 cup sugar. Pinch salt.
- 2 cups water. 2 eggs.
- 1 tablespoon butter.
- 2 rounded tablespoons cornstarch.

Brush six custard cups with butter; pour in the mixture; set in pan of warm water and bake 20 to 25 minutes in a moderate oven same as custard. Try by putting silver knife in center. If knife comes out dry, the custard is done. If not, it must bake until firm, but not separate. There is less danger of separating when made with the rice stock.

HELPFUL HINT

To try custards of any kind as to when they are cooked, put a silver knife in center; if it is dry when it comes out, it is done. Care should be taken not to overbake.

EAT MORE FRUIT

Fruit not only has marked regulative value as a food, but it supplies a large share of the mineral salts which are needed to maintain "body-balance." Let the children eat plenty of fully ripe fresh fruits in season, and include a generous portion in the daily menus for grown-ups. In buying fresh fruits, be careful not to get too much at a time. Sometimes it is more economical to buy in smaller quantities, even tho the price advantage does not seem to be so tempting.

SAUCES, SYRUPS AND JAMS

Be sure the mayonnaise is seasoned highly. Just before serving time add the other ingredients; mix and serve in sauceboat.

HOMEMADE COTTAGE CHEESE

When the milk is sour and thick put in shallow pan. Set in warm place; either on back of stove, warming shelf or in oven, leaving the door open. Let stand until it separates. Put in cheesecloth bag. Be sure the bag has been wrung out of cold water. First let it drain all night, then add a little salt and pepper.

There is a difference in lemons; some are more acid than others. Lemons must be washed, dried and rolled before rimming or squeezing. Put the skins in 2 quarts of cold water half hour, drain and strain the water for the lemonade.

A slice of lemon served with a cup of tea adds very much. The lemon should be scrubbed with a vegetable brush, rinsed and dried; then cut in thin slices and served on an oblong dish, each slice overlapping the other.

3 pounds granulated sugar.

Wash, dry, stem and pit the cherries; then put thru food chopper (large knife), saving all the juice, put into preserving kettle, add the juice and sugar and boil slowly until thick. Be sure to remove all the scum while cooking. Some cherries have more juice than others, especially if picked immediately after a rain. In that case it takes longer to cook them.

This makes a most delicious marmalade and can be filled into large-mouthed bottles or tumblers of any shape; cover with paraffin or parowax.

ICED BLACKBERRY JUICE

1 quart blackberries. 1 cup sugar.

1 cup water. 1 tablespoon lemon juice.

½ teaspoon salt.

Wash the berries, put in saucepan, add sugar, water and salt; boil slowly 15 minutes; mash before straining thru wire strainer, then add lemon juice; put in glass jar; place in refrigerator. Serve in small glasses. This is very refreshing with finely cracked ice.

BEVERAGES

HOW TO MAKE GOOD COFFEE

Many inquiries come from members of The North American Cooking Club, asking how to make a cup of good, strong coffee.

First, there must be good coffee, whether made in percolator or in the ordinary coffee pot. One rounded tablespoon of ground coffee (always use finely ground coffee for the percolator, also for coffee made in an agate pot) to each cup of cold water. Be sure the coffee pot is washed and thoroly dried each time it is used. When making coffee in an agate pot, put the coffee in and pour the water over and bring slowly to a boil; boil 2 minutes. Add 1 tablespoon crushed egg shells or a little cold water to settle it. Do not boil over 2 minutes, but let it come to a boil slowly.

DRIP COFFEE

6 heaping teaspoons finely ground coffee.

5 cups fresh boiling water.

Rinse drip pot with hot water. Place the finely ground or pulverized coffee in the drip bag, pour the freshly boiled water on coffee in the drip bag, and after it has dripped thru remove bag from pot and coffee is ready to serve. When making less than 4 cups, pour coffee thru drip bag a second time.

1 teaspoon caramel.

Put the water on to boil; mix cornstarch and sugar with a little cold water; add and boil 3 minutes; add lemon and caramel. This dessert is best warm.

USE LEMON AND ORANGE RIND

Be sure to use lemon and orange rind for flavoring. Grate the rind and spread thin on china plate and put in slightly heated oven, stirring several times. When well dried, put into glass bottle or small glass container. Keep in a dry place.

RICE MOLD WITH BERRY SAUCE

Put 1 cup of the berry juice into saucepan over fire, bring to a boil and add the cornstarch that has been mixed with a little cold water; boil 3 minutes; add sugar and a few grains of salt. You know, when stewing berries, there is always a goodly amount of juice, and this is a profitable way to use it.

BLACKBERRY CRACKER PUDDING

1 cup crushed crackers.
2 cups stewed blackberries.
4 marshmallows.

4 tablespoons granulated tapioca.
3 cups water.
1 tablespoon lemon juice. $\frac{3}{4}$ cup sugar.
1 cup orange juice (2 oranges).
 $\frac{1}{2}$ level teaspoon salt.

Remove from fire; serve ice cold in ice cream glasses with whipped cream or a small piece of marshmallow on top. If you have neither, garnish with a teaspoon of orange marmalade or a little red jelly. This makes an attractive dessert.

It is helpful to use a little lemon juice with the orange, as it brings out the orange flavor.

FISH AND CLAMS

Have fish cleaned, split and backbone removed. Brush bakepan with drippings; lay the fish skin side down; dust with salt, pepper and flour; pour over 2 tablespoons melted butter substitute and $\frac{1}{2}$ cup milk; place in hot oven and bake 30 to 35 minutes, or until a nice brown. Remove to hot platter; sprinkle with chopped parsley.

Boil and mash 1 quart of potatoes, heap around fish with a tablespoon and dust with paprika; garnish with thin slices of lemon.

PANNED FISH

Any small fish can be used. Butterfish costs the least per pound and there is little waste as far as head, bone and scales go, but if not fried correctly they are very expensive. If put in a half warm pan they crumble from the main bone and stick to the pan; then when one goes to eat them there is nothing left but bones. Then again, they can be fried too quickly, and be undercooked in the center or fried so hard that nothing is left but skin and bone. Therefore, it is necessary to fry them carefully as they are an exceptionally good pan-fish.

Clean and remove head, put two $\frac{1}{2}$ -inch gashes on each side in the thick part. Wash and dry the fish; dust with salt and dip in cornmeal or flour. Put a little drippings in frypan; when hot, put the fish in pan, sear quickly on both sides, turning with cake turner, being careful not to break them, reduce the heat and fry slowly on both sides until nicely browned.

Have 8 or 10 clam shells; wash, scald and dry; then fill in the clam mixture and dust with dry breadcrumbs. Beat 1 egg with 1 tablespoon cold milk; lift the clam shell with skimmer or large spoon and cover with the beaten egg, then with the breadcrumbs. Bake 5 minutes in a hot oven or fry in deep hot fat.

Sprinkle with salt, flour and pepper and add a cup of hot water; cover and place in hot oven 1 hour. Add caramel and sprinkle top with parsley and serve in casserole dish. CHEAP CUT WITH VEGETABLES

1 pound lean meat. $\frac{1}{2}$ pound dried lima beans.

1 cup carrot. 1 cup onion.

1 quart potatoes.

2 tablespoons flour. 2 teaspoons salt.

$\frac{1}{4}$ teaspoon paprika.

Put the meat into iron pot or frypan; add a little water; cover and cook slowly 1 hour. Remove cover and add carrots, onion and potatoes; add 2 cups of water and seasoning. Put the meat on top of vegetables and place in hot oven. Baste the meat several times. The lima beans are soaked overnight and boiled until tender; seasoned with salt and pepper to taste. Put them around edge of platter; thicken the gravy and if not brown, add caramel to make it a rich brown. Put meat in center of platter, the vegetables and gravy around the meat and the white beans on the outer edge. Sprinkle with parsley and paprika.

One of the best ways to prepare the cheaper cuts of meat is in a closed vessel, either a casserole or a Dutch oven. If you haven't a casserole, use the Boston bean pot. The Dutch oven is the same as the old-fashioned iron boiler with a lid, but not quite so deep, and is easily washed.

VICTORY VEGETABLE DISH

$\frac{1}{4}$ peck potatoes. 2 cups cut onions.

1 cup cut carrots. $\frac{1}{2}$ cup cut cabbage core.

$\frac{1}{2}$ pound round steak. 2 tablespoons beef drippings.

1 tablespoon cornstarch. 1 teaspoon salt.

Pepper to taste. Caramel.

Put the drippings into large iron pan or pot, add the cut scallions (including the green tops), the carrots cut into thin slices and the core from cabbage cut small. Sear lightly, stirring constantly, then add the potatoes that have been pared and cut into $\frac{1}{4}$ -inch slices. Sprinkle with salt and pepper, add $\frac{1}{4}$ cup water and cover tightly. Cook very slowly, turning occasionally, and add a very little water to keep it from burning. It will take 30 to 35 minutes to cook in this way.

When vegetables are tender add the beef, which has been put thru food chopper, stir carefully until meat is seared (5 minutes); lift out vegetables and meat and add 1 cup of water or vegetable stock; bring to a boil and add the cornstarch that has been mixed with cold water, boil 5 minutes, add the caramel and season to taste. Pour around the vegetables and meat, sprinkle with chopped parsley or scallion tops. This makes an exceptionally good dish and one that is different from the regular old-time stew.

HOW TO USE THE FOUR CUPS OF STOCK

To the stock add 2 tablespoons of rice or pearl tapioca; season to taste and boil slowly 45 minutes; add chopped scallion tops, salt and paprika to taste.

The scallion tops are used instead of onion and parsley. I would also suggest buying the carrots as needed. Scallions are used instead of onions and only bought as needed, otherwise the green tops will be useless. New potatoes are the cheaper just now, as there is no waste. Remember, at this time, to boil the new potatoes in the skins, no matter how they are to be used. If for stewed or brown potatoes, parboil and skin. It is a well-known fact that the best part of the potato is under the skin.

SURPRISE CROQUETTES WITH PEAS

- 1 cup thick cream sauce.
- 1 hard-boiled egg. 1 raw egg.
- 2 tablespoons finely chopped green peppers.

Put the rice and ham thru food chopper; add the cream sauce, pepper and salt. Mix well. Cut the hard-boiled egg in 6 pieces the long way. Put the ham-and-rice mixture around the piece of egg; roll in flour, then in the raw egg, mixed with 1 tablespoon cold milk; dip the croquette in egg, then in breadcrumbs; fry in very hot fat. The croquettes are made oblong. Serve with green peas around. The cream sauce is made with 1 tablespoon butter, 2 tablespoons flour and 1 cup cold milk, seasoned and flavored to taste.

RICE-AND-NUT CROQUETTES

- 1 cup rice. 1 cup peanut butter.
- 1 teaspoon salt.
- 2 teaspoons finely chopped parsley.
- ¼ cup tomato catsup. A little pepper.
- 1 egg and breadcrumbs.

Wash the rice and put on to boil with 2 quarts boiling water; boil 25 minutes, drain, do not blanch; when cool enough to handle, put thru food chopper; add the peanut butter while the rice is hot; add salt, pepper, nutmeg and parsley; mix well, so the rice and peanut butter are well blended. Take 1 tablespoonful, roll into small ball in floured hands; either shape in cones or oblong; set aside until cold, then dip in egg and breadcrumbs; fry in hot drippings or cooking oil.

For the egg dip, use ¼ cup milk, 2 teaspoons cornstarch and 1 well-beaten egg. The cornstarch and milk make the egg go further.

VEGETABLE CHOWDER

- 3 cups diced potatoes. 1 cup diced carrots.
- $\frac{1}{2}$ cup cut onions. $\frac{1}{2}$ cup cut celery.
- 3 cups cut cabbage. 2 cups corn.

- 1 tablespoon salt.
- 2 tablespoons cut green pepper (if on hand).
- $\frac{1}{2}$ cup flour for thickening.

- 2 cups milk.

All the vegetables are put into boiler and covered with boiling water; boil slowly until tender, then add seasoning and flour, which has been mixed with cold water until smooth; add butter substitute and hot milk. Sprinkle with parsley and paprika. The potatoes will have about disappeared by the time the cabbage is tender; left-over corn, beans, tomatoes or peas can be used instead of fresh vegetables. Be sure to boil in uncovered vessel.

EGGPLANT FRITTERS

- 1 small eggplant. 1 cup flour.
- 1 teaspoon baking powder.
- 1 teaspoon salt. Pepper to taste.
- $\frac{1}{2}$ cup milk. 1 egg.

Wash, pare and grate the eggplant, or put thru food chopper. There should be $2\frac{1}{2}$ to 3 cupfuls; add milk and well-beaten egg, salt and pepper; sift in the flour and baking powder; mix well and fry on hot greased griddle. Shape with spoon like an oyster. This makes a very pleasant change for the use of eggplant.

VEGETABLE PLATTER MEAL

- 1 quart small potatoes.
- 2 cups small or cut onions. 2 cups cut carrots.
- 1 quart string beans.
- 2 tablespoons butter substitute.
- 2 tablespoons flour or cornstarch.
- 2 tablespoons grated cheese.
- 2 tablespoons chopped parsley.
- Salt and pepper. 1 cup white sauce.

Boil potatoes, onions and cut carrots together in very little water; when tender, drain and cover with sauce made from vegetable stock. Put in center of chop plate, and the string beans, which have been prepared as usual, around the mixed vegetables. Sprinkle with cheese, parsley and paprika.

This makes a very attractive dish, and the cheese adds food value and flavor. If one does not care for cheese, it can be omitted.

Put the butter into saucepan with the onion; fry slowly, so as not to brown, stirring constantly. When the onion is tender, add the flour, mix well, and add the cold milk slowly, stirring until it thickens; then add the salt and pepper. Cut the hard-boiled eggs in half, remove the yolks and press thru fine strainer; add to the sauce; bring to boiling point. Cut a thin slice from the end of each half of the whites so they will set on a piece of toast, then pour the thick yellow sauce in and over the white. Dust with paprika and garnish with parsley.

The crushed berries or preserves are mixed with the sugar syrup until smooth; then mix fruit and syrup together. Put in cold place until ready to use. NEW APPLE SAUCE

Surprising what a difference there is in apple sauce! There is a right and a wrong way to cook apple sauce. In the first place, the sauce is the best if the apples are not pared. When tender and mashed, remove from fire and mash thru colander or coarse strainer; add sweetening to taste and a little salt. JAMS

WATERMELON COCKTAIL

There was a piece of watermelon left from last evening's dinner. Remove the center, cut into half-inch cubes (or with a French potato cutter into rounds), pile into ice cream glasses and serve for first course. The rind you save and either pickle or make into marmalade.

SWEET PICKLED MELON RIND

- 4 quarts pared and cut rind.
- 2 pounds brown sugar.
- 2 cups pure cider vinegar.
- 2 level teaspoons mace.
- 4 tablespoons broken cinnamon stick.
- 2 level teaspoons cloves.
- 4 tablespoons ginger root or sliced lemon.

Pare the rind and cut it into pieces about 1 inch wide and 2 inches long, the size is a matter of choice. Boil the sugar, vinegar and spices for 15 minutes; add half the rind and boil slowly until it is tender and clear. Remove the rind with skimmer and pack it into well-sterilized jars with syrup to fill; adjust the rubber, which has been dipped into boiling water, then the sterilized lids; then put the other half of the rind into the remaining syrup and proceed as before. There will be enough syrup for all the rind.

PRESERVED WATERMELON RIND

- 2 quarts rind, after cutting into $\frac{1}{4}$ -inch squares. 3 cups sugar.
- 1 lemon or 2-inch piece of green ginger root.

Put the pared and cut rind into bowl; cover with 2 quarts cold water; add 2 level tablespoons salt, let it stand 6 hours; drain, cover with fresh cold water for 2 hours; drain, make a syrup with 3 cups of sugar and 2 cups of water; boil 5 minutes; then add the rind; boil very slowly, until tender; remove rind with skimmer and set in moderate oven for 2 hours or until it has dried a little. Return the syrup to fire and add the lemon rind cut very fine and 2 tablespoons of lemon juice, boil very slowly 15 minutes, then add the rind; bring to boil and fill into sterilized jars at once.

PEACH BUTTER

Any of the cheap peaches will lend themselves to peach butter. All peaches should be washed before paring; the peaches are fuzzy and dusty, and if not washed the parings are not fit to use for syrup.

To each quart of pared and cut peaches add 1 cup of water and 1 cup of brown sugar and $\frac{1}{2}$ teaspoon salt; put into porcelain-lined kettle and bring to a boil quickly, skim, then boil slowly for 1 hour. Some peaches are more juicy than others; in that case they must boil longer or less water used. It must not separate. The butter can be flavored with a little ground cinnamon or spice if desired. Put in sterilized wide-mouthed bottles, cover with parowax and tie paper over top.

PEAR BUTTER

Pear butter can be made from the early poorer kinds, and is very good spread on bread and biscuit. The pears are washed, stem, blossom and bad places cut away; cut into quarters without paring; put in kettle with very little water; cover and cook until tender. Pour into colander, and when well drained mash thru and to each quart of pulp add 1 cup brown sugar, $\frac{1}{2}$ cup syrup, 1 level teaspoon salt, 2 level teaspoons cinnamon, $\frac{1}{2}$ level teaspoon grated nutmeg. Return to preserving kettle and cook slowly until it thickens. It must be stirred often.

RASPBERRY JAM

Pick the berries carefully, put in strainer and plunge in cold water; drain well and put a few in preserving kettle at a time. Mash with wooden potato masher. Continue until you have mashed 4 quarts. Bring to boiling point slowly and gradually; add the same amount of granulated sugar, which has been heated. Boil slowly 45 minutes, stirring quite often. Put in tumblers or wide-mouthed bottles. Cover with parowax and tie paper over top, or it will keep in stone crock if covered with parowax.

SPICED GOOSEBERRIES

3 quarts green gooseberries.
5 cups brown sugar. 2 cups vinegar.
6-inch piece of stick cinnamon.
3 tablespoons whole cloves.
Small piece of mace.

Remove stems and blossoms of gooseberries; put into porcelain-lined kettle with sugar, vinegar and spices which have been tied in a piece of cheesecloth or mosquito netting. Bring to boiling point slowly and boil $1\frac{1}{2}$ hours, skimming carefully.

Pack while hot in wide-mouthed bottles that have been sterilized, cork or cover with parowax and tie or paste paper over top.

This makes a delicious accompaniment to cold meat.
Currants can be done the same way.

GOOSEBERRY JAM

1 quart gooseberries.
3 cups sugar. 2 cups water.

Remove blossom and stem from the berries, cut in half; put into agate saucepan or porcelain-lined kettle; add the water and boil slowly until tender; then add sugar and boil 10 minutes. Fill into glasses. When cold cover with parowax.

This small quantity can be prepared while getting dinner. It takes less time if berries are cut in half.

PEACH JAM

Use the second grade or poorer peaches; brush or rub off the fuzz.

Pare, saving the parings for jellies and syrups, remove all bad spots and cut peaches into quarters. Put into preserving kettle and to each quart of fruit add 1 cup sugar or $\frac{1}{2}$ cup syrup. Mix well and set over slow fire. After it comes to a boil, boil slowly 45 minutes, stirring quite often with wooden spoon, removing the scum carefully.

Fill into well-sterilized jars, adjust rubbers, which have been dipped into boiling water, put on sterilized lid, fasten tight and when cold set in cool, dark place.

The peaches can be mashed with a wooden masher to make a smooth jam or can be left in small pieces. That is a matter of taste.

HOME FLAVORS

CHILI VINEGAR

Wash and fill a quart jar with the small red peppers. There are different kinds; some are 1 inch long and others 3 inches. The small, very thin ones are best. Fill jar with cider vinegar and set in dark, cool place for 2 weeks. More vinegar can be used as needed.

To 1 quart of old vinegar use 1 cupful of tarragon leaves. Put into wide-mouthed bottle, cork the bottle and set in cool place for 2 weeks; shake the bottle 3 or 4 times during that time; remove from bottle and boil 5 minutes; strain, return to bottle and cork tight.

FLAVORED VINEGARS

Flavored vinegars are very helpful. There are tarragon, celery, horseradish, chili, onion and spiced vinegar. Each has its distinctive flavor and makes a very pleasant change where vinegar is needed.

DRIED CELERY LEAVES

Dried celery leaves are very helpful at all times for soups, sauces, dressings and salads, and every supply shelf should have 2 or 3 bottles on hand at all times.

Whether they are green or yellow leaves, pick the nice leaves off, wash, dry on piece of cheesecloth; put the leaves in either flour or sugar bag; lay on top of range or warming shelf for 2 or 3 days. When thoroly dry, rub and put into wide-mouthed bottles; cork tight. This makes a very good flavor for potato salad.

1 quart vinegar. 1 cup grated horseradish.

2 tablespoons granulated sugar.

1½ level teaspoons salt.

Put the horseradish into quart jar, add sugar and salt, cover with the vinegar, which has been brought to a boil; close jar and set in cool place for 2 weeks; then strain and put into bottles, cork and label for future use.

SWEET HERBS

Sweet basil, thyme, sweet marjoram, sage and summer savory are dried the same as parsley, but care must be taken that they do not burn, and always keep the bottles corked or glasses closed tight.

DRIED GRATED LEMON PEEL

When using lemons in a way that does not call for the rinds, carefully pare off the yellow portion and run it thru the meat chopper with the finest plate; dry and put away in glass jar; use in cake and puddings.

CELERY VINEGAR

1 quart vinegar.

2 cups green celery leaves.

1 tablespoon sugar. $\frac{1}{2}$ teaspoon salt.

Wash and dry the fresh green celery leaves; put into glass jar, cover with vinegar, add sugar and salt, cover jar and set in pan of cold water; put pan on fire and boil 1 hour; remove and stand in cool place 3 days; strain, fill into bottles and label.

This is exceptionally good for cold slaw and potato salad, and when celery is scarce the vinegar will come in very handy.

SPICED VINEGAR

1 quart vinegar.

1 tablespoon each of whole cloves, allspice, mustard seed.

1-inch piece cinnamon bark.

2 tablespoons granulated sugar.

$\frac{1}{2}$ level teaspoon salt.

Put the vinegar and spices on to boil; boil 15 minutes, when cold put into jar and let stand 2 weeks; then strain and fill into bottles, cork and label. This is exceptionally good for beef a la mode and sour sauces.

ONION VINEGAR

1 quart vinegar. 2 cups grated onion.

2 tablespoons granulated sugar.

1 level teaspoon salt.

Put the onion into quart jar, add sugar and salt, let stand 3 hours; then fill jar with cold vinegar; let stand 3 weeks; shake jar 2 or 3 times. At the end of 3 weeks strain into bottle, cork and label. This vinegar lends a very delicate onion flavor and is exceptionally good in French dressing for salads.

1 tablespoon melted butter.
1 teaspoon melted shortening or oil.

Sift the whole wheat flour, baking powder, salt and sugar into bowl; add the milk slowly; then add the well-beaten egg, raisins and butter; mix well. Brush muffin tins with lard; put 1 spoonful of mixture into each; bake in hot oven 20 minutes. This makes 12 large muffins.

BAKING POWDER CINNAMON CAKE

2 cups flour. 2 teaspoons baking powder.
 $\frac{1}{2}$ teaspoon salt. $\frac{1}{4}$ cup sugar.
1 teaspoon cinnamon. $\frac{1}{2}$ cup raisins.
2 tablespoons shortening. Milk.

Sift flour, baking powder, salt and half the sugar into bowl, add shortening and rub in very lightly. Add raisins, then milk enough to make a stiff dough. Put in a greased shallow pan; brush top with butter and sprinkle with balance of sugar, mixed with cinnamon. Bake 20 minutes.

SOUTHERN POTATO BISCUIT

6 cups flour. 6 teaspoons baking powder.
2 teaspoons salt.
2 cups hot mashed potatoes.
6 tablespoons butter or other shortening.
1 cup milk. 2 eggs.

Mash the potatoes thru strainer, add salt, milk and butter or shortening, well-beaten egg. Beat until smooth, then sift in flour and baking powder. Turn out on floured board, cut with small biscuit cutter, put into hot oven. Bake 20 minutes.

POTATO DROP YEAST BISCUITS

2 cups whole wheat or white flour.
2 cups mashed potatoes.
 $\frac{1}{2}$ cup lukewarm milk. 1 egg.
2 tablespoons melted shortening, butter or oleomargarine.
1 rounded or 2 level teaspoons sugar.
1 level teaspoon salt.
 $\frac{1}{2}$ yeast cake dissolved in 2 tablespoons warm water.

Put the potatoes (which have been boiled and skinned) thru fruit press, put in bowl, add salt, sugar and shortening and milk. Dissolve the yeast in the warm water and add to the potato mixture. Add enough flour to make a soft sponge. Set in warm place to rise for about 2 hours, then add the well-beaten egg, add rest of flour and mix well with wooden spoon. Cover and set in warm place until it has risen double in quantity. Brush muffin pans with grease and drop a tablespoonful in each. Let rise again double in quantity. Put in moderately hot oven and bake 25 or 30 minutes. Brush top with a little milk and melted butter or oleomargarine.

OLD-TIME CINNAMON CAKE

Made from raised dough. A good plan when baking bread is to take some of the sponge, say 2 cupfuls, to it add 2 tablespoons melted shortening, 1 well-beaten egg and enough flour to make the dough so it can be rolled out $\frac{3}{4}$ inch thick; put on pietins and set to raise. When it is double the thickness, brush the top with melted butter, sprinkle very liberally with brown sugar, a little powdered cinnamon and bake in moderate oven until brown.

Another good addition is to mix 2 tablespoons of peanut butter with the melted butter and spread on dough, then the sugar, but not any cinnamon.

BEVERAGES

ICED COCOA

A very nourishing and refreshing drink. The cocoa can be made with water and served with whipped cream or with marshmallow whip instead of sugar and cream, or it can be made with part milk and water or all milk. The best and quickest way is to have your cocoa syrup on hand, add to either cold milk or water. Again, the strength depends on one's liking. Following is the recipe for cocoa syrup:

COCOA SYRUP

1 cup cocoa. 2 cups sugar.
2 cups water. $\frac{1}{2}$ teaspoon salt.

Put the water and sugar in saucepan, stir until dissolved, put on fire and boil 5 minutes; mix cocoa with cold water to make a paste and add to the boiling water and sugar; boil slowly for 10 minutes; add the salt. When cold put into bottle or glass jar in the refrigerator, and you are prepared for any social emergency.

ICED TEA

Freshly made tea is best. Scald the pot, add the required amount of tea, then the freshly boiled water. Much depends on how strong one likes it and the kind of tea used. One must always bear in mind that when adding ice the tea will be weakened. It is a saving of sugar if the sugar and lemon are added to the tea, then served with a thin slice of lemon. The lemon should always be washed in warm water and rolled before squeezing. A little of the grated rind also adds to the flavor. A slice of orange can be served with the lemon if desired.

ICED COFFEE

Again, the strength of coffee depends on one's liking. It should be strong. Sweeten and serve with whipped cream. No milk or cream is put in the coffee. Good coffee is made by allowing 1 rounded tablespoon of coffee to 1 cup ($\frac{1}{2}$ pint) water. For boiled coffee put 1 tablespoon of ground coffee for each cup, put in cold water, bring to a very slow boil, add crushed egg shell to clear. If drip coffee, use very finely ground or powdered coffee.

JELLIES

Jellies are made from all kinds of cooked fruit juices and sugar. In most cases 1 cup of granulated sugar to 1 cup of fruit juice is used, and if fruit is in right condition, not overripe, there will be no failures, but when fruit is overripe the jelly will not get stiff.

But, housekeeper, there is no loss, as there are many things that can be made from the soft jellies during the winter months.

Has it ever occurred to you that the soft jelly will go further used for hotcakes, waffles, omelets, layer cakes, pancakes and as a spread for children's bread?

Jellies made from apple, quince and peach parings are made as follows:

The parings are put on to boil; to 1 quart of parings allow 2 cups of cold water. Cook or simmer until the water has apparently boiled away. It is well to mash the parings, then put in cheesecloth bag and let drip overnight. In the morning add 1 cup of sugar, which has been warmed in oven, to 1 cup of fruit juice. Boil 8 minutes. One apple can be used to each quart of parings of any kind of fruit.

PLUM JELLY

The blue plum is best for jelly. Put plums into wire basket or strainer, plunge into cold water; drain, and to each quart of plums use 1 cup of water; put into preserving kettle and boil until soft; stir or mash until broken, then put into jelly bag and drip 24 hours. To each cup of plum juice add 1 cup of warmed sugar; stir until dissolved. Boil 8 to 10 minutes, removing all scum; pour in glasses that have been dipped into boiling water. When cold, cover with parowax or white paper.

PLUM JAM OR BUTTER

The plum pulp that remains in the bag after making plum jelly is put in preserving kettle, and with silver fork remove the stones, and to each cup of pulp add 1-3 cup of water. (I usually put the stones in a small bowl, and after measuring the pulp I put the water over the stones, rinsing them, and then adding the water to the pulp.) Add $\frac{1}{2}$ cup sugar to each cup of pulp, put over slow fire and boil 30 minutes. Be sure to remove the skum; put into sterilized glasses or wide-mouthed bottles. Cover with parowax or paper.

CANNING

CANNED ELDERBERRIES

Pick and wash the elderberries, put into porcelain-lined kettle with 1 cup of hot water to each quart of berries. Boil 15 minutes; stir occasionally with wooden spoon. To each quart add $\frac{1}{2}$ level teaspoon of salt, put into well-sterilized jars, adjust rubbers, which have been dipped into boiling water; put sterilized lids on, fasten and set in boiler on rack. Fill boiler with warm water 1 inch over the lids and boil 30 minutes.

No sugar is needed, but when wanted for dessert or pies, 1 cup of sugar can be added to each quart of berries.

CANNED BLACKBERRIES

4 quarts blackberries.

2 cups sugar.

Have large, ripe berries, pick carefully, put into wire basket or strainer, plunge into cold water; drain, then put into preserving kettle. Sprinkle with sugar and let stand 3 hours. Put over fire, bring to boiling point slowly; boil 10 minutes; remove the scum carefully; put into well-sterilized jars. Dip rubber into boiling water and adjust and cover with well-sterilized lid. Fasten at once.

COLD-PACK CANNED BLACKBERRIES

Pick nice, large blackberries, put into wire basket or wire strainer, plunge into cold water; pack in well-sterilized jars, then fill to overflowing with syrup; adjust rubber, which has been dipped into boiling water; put on the sterilized lid; set into boiler on rack; fill with warm water 1 inch over top of jars and boil 30 minutes.

Be sure they do not leak.

The syrup is made by boiling 2 cups of sugar with 2 cups of water for 10 minutes.

BLACKBERRY JAM

Put the berries in preserving kettle on very moderate fire until soft; as they get hot the juice will come; then mash thru wire strainer, and to each cup of strained berries add $\frac{1}{2}$ cup of sugar; return to fire and boil 25 minutes. Remove the scum and stir occasionally.

CANNED RASPBERRIES

4 quarts raspberries.

2 cups sugar.

Have large, ripe berries, pick carefully, put into wire basket or strainer, plunge into cold water; drain, then put into preserving kettle. Sprinkle with sugar and let stand for 3 hours. Put over fire, bring to boiling point slowly; boil 10 minutes; remove the scum carefully; put into well-sterilized jars. Dip rubber into boiling water and adjust and cover with well-sterilized lid. Fasten at once.

COLD-PACK CANNED RASPBERRIES

Pick nice, large raspberries, put into wire basket or strainer, plunge into cold water; pack in well-sterilized jars, then fill to overflowing with syrup; adjust the rubbers, which have been dipped into boiling water; put on the sterilized lid; set into boiler on rack; fill with warm water 1 inch over tops of jars and boil 30 minutes.

Be sure they do not leak.

The syrup is made by boiling 2 cups of sugar with 2 cups of water for 10 minutes.

CANNED CHERRIES WITH PITS

3 pounds cherries.

2 cups sugar. 1 cup water.

Wash and stem the cherries, put into well-sterilized jars; boil sugar and water 10 minutes; skim carefully, then pour over cherries; adjust the rubbers, which have been dipped into boiling water; then put on well-sterilized lids, fasten and put jars into boiler on rack; cover with boiling water 1 inch above tops of jars; cover the boiler and boil 15 minutes; remove, and when cold, put in cool, dark place. Be sure they do not leak.

PITTED CANNED CHERRIES

3 pounds cherries.

3 cups sugar. 1 cup water.

Wash, stem and pit the cherries, saving the juice. Boil sugar and water 10 minutes; skim carefully. Put cherries into well-sterilized jars, pour the syrup over them; adjust the rubbers, which have been dipped into boiling water; then put on well-sterilized lids, fasten and put jars into boiler on rack; cover with boiling water 1 inch above tops of jars; cover the boiler and boil 15 minutes; remove, and when cold, put in cool, dark place. Be sure they do not leak.

The juice from the cherries is added to the sugar and water before boiling.

CHERRY MARMALADE

4 pounds sour cherries after pitting.
3 pounds granulated sugar.

Wash, dry, stem and pit the cherries; then put thru food chopper (large knife), saving all the juice; put into preserving kettle; add the juice and sugar and boil slowly until thick. Be sure to remove all scum while cooking. Some cherries have more juice than others, especially if picked immediately after a rain. In that case, it takes longer to cook them.

This makes a most delicious marmalade and can be filled into large-mouthed bottles or tumblers of any shape; cover with paraffin or parowax.

CANNED PEAS—COLD-PACK METHOD

Be careful when shelling the peas not to make yourself double work. Do not put the shelled peas back in the bowl with the unshelled ones; have a bowl or pan for the peas, one for the pods and a quart measure for the peas. When you put the shelled peas in with the peas, the blossoms and leaves must be picked out. Then, too, I have seen housekeepers put the peas in pan of cold water and pour off whatever floats on top. They forget that the very young and tender pea floats on top, and so they are wasted, or it takes a long time to pick out the leaves and blossoms from the peas.

Therefore, put the peas in one vessel, the shells in another; then shelled peas are put in quart measure, then you save measuring the amount when needed for each jar.

Put the shelled peas into wire basket or fine strainer, plunge into boiling water a moment, then plunge in cold water. Pack in well-sterilized jar, fill jar with boiling water to overflowing, add 1 level teaspoon of salt to each quart of water; adjust rubber that has been dipped into boiling water, put on top, but do not fasten; set in boiler on rack, fill boiler with warm water to within 1 inch of top, put lid on boiler and boil 1½ hours; then fasten tops, lay on side and boil 10 minutes. Remove from boiler, wipe and be sure tops are tight. When cold, set away in cool, dark place.

CANNED LIMA BEANS—COLD-PACK METHOD

Be sure the lima beans are fresh and not too large. I would suggest, if they are mixed, as sometimes is the case, when shelling put the small ones in the quart measure and the large ones in a separate pan; the small ones will be canned and the larger ones dried, inasmuch as the large ones are really better for drying. Then they are even sized and much more attractive. So often when one gets a helping of lima beans 3 or 4 large yellow-looking ones spoil the entire helping.

Shell the beans, put in wire basket or strainer, plunge in boiling water, then in cold water; pack into well-sterilized jars, fill with boiling water to overflowing and add 1 level teaspoon of salt to each quart. Adjust the rubbers, which have been dipped into boiling water; put on the sterilized lid, set in boiler on rack, fill boiler with warm water to within 1 inch of top; cover boiler and boil continuously $1\frac{1}{2}$ hours. Fasten top on, lay jar on its side in boiler, boil 10 minutes; remove from water, dry and be sure the top is fastened tight. When cold, set away in cool, dark place.

CANNED STRING BEANS—COLD-PACK METHOD

Perfect sterilization is absolutely necessary to keep beans, or, in fact, any vegetable. It is well if one has 2 wash boilers, but where 2 are not available, a good way is to wash the jars, fill with cold water and put into the boiler on rack; then fill the boiler with cold water to within an inch of top of jar; put on fire and boil; then when the beans are ready to fill into jars, lift them out, emptying and filling 1 jar at a time. The beans are prepared as follows:

String the beans and cut into half-inch pieces or inch lengths; put into wire basket or strainer; plunge into boiling water, then into cold water. Pack into well-sterilized jars; add boiling water to overflowing; add 1 level teaspoon of salt to each quart of water before covering. Adjust rubber, which has been dipped in boiling water; put on the sterilized top, but do not fasten. Set jar in boiler on a rack; fill boiler with warm water to within 1 inch of top of jar. Close wash boiler and boil constantly $1\frac{1}{2}$ hours; then tighten lid and lay jar down and boil 10 minutes longer. Remove from boiling water, wipe and be sure top is on tight. When cold, set away in cool, dark place.

CANNED HUCKLEBERRIES OR BLUEBERRIES

Huckleberries, sometimes called blueberries, are picked and washed, put into porcelain-lined kettle with 1 cup of hot water to each quart of berries; boil 15 minutes, stirring occasionally with wooden spoon. To each quart add $\frac{1}{2}$ level teaspoon of salt. Put into well-sterilized jars, dip rubbers in boiling water and adjust; put on the sterilized lid, fasten and set in boiler or rack. Fill with warm water 1 inch above the lids and boil 30 minutes. No sugar is needed, but when using for dessert or pies, add 1 cup of sugar to each quart of berries.

CANNED TOMATOES

When buying a basket or bushel of tomatoes to can, it is always best to lift them out of the basket. It mashes and bruises tomatoes to pour them out. One can give the tradesman an empty basket in exchange.

When lifting the tomatoes out sort them into two, three or four piles, depending on the size of the tomatoes.

The best firm, small, even-sized ones are canned for salad; the large, firm ones are prepared for stewing tomatoes; the very ripe ones, which are not so firm, are canned for soup, sauces and catsup. Late in the season, about the last of September or beginning of October, when underripe tomatoes are among them, they can be used for tomato butter and pickles, of which we will speak later.

CANNED CHERRIES

The important point in canning cherries is to have them perfect; no decayed spots. It is always best to plan to make jam while canning; then, when picking over the cherries, those that are not perfect can be put into another saucepan for the jam. Then when pitting, if there are any spots, cut them off. Sour cherries are best for canning and jam.

DRYING CORN

Corn is one of the most difficult things to dry, inasmuch as it takes more watching than other vegetables, but it certainly pays for the trouble. It is not only delicious, but is very nutritious, and there are innumerable ways of preparing it during the winter months.

Another reason one should take the time to dry corn is that no jars, rubbers or cans are needed, and there is no danger of spoiling. Any wide-mouthed bottle or can that cannot be utilized for jam or butters can be utilized for the dried corn. It is not necessary to have it airtight.

Dry the corncobs to use for kindling when the weather gets cold; and you all know that husks, if pulled fine, make nice, sweet cushions for porch and for other uses.

Any corn will do, but sweet (sugar) corn is best. The corn should not be too old and must be fresh. With a sharp knife cut it off, not too close to the cob, then scrape the cob with the back of knife, spread on agate platter, old china platter or plates or wooden rack. Place in moderate oven. It is very important to turn the corn about every 15 minutes until it is apparently dry. It takes from 5 to 6 hours; then remove from oven, leave on plate or rack and when cold cover. Next day return to very moderate oven and, stirring occasionally, allow it to dry very hard. It usually gets brown (the sweeter the corn the darker in color), but be sure it is very dry before you put it into clean, dry bottles. As an extra precaution, put bottles in oven to dry.

You can dry as much corn as the oven racks will hold plates, platters or racks.

If one lives in a clean neighborhood, the second day's drying can be done in the hot sun. In that case, cover with a piece of netting.

SALTED CORN

Corn must be fresh and full grown, but not old. Brush and remove silk with small vegetable brush, put corn in large vessel and cover with boiling water 3 or 4 minutes. Remove; when cooled, cut the corn from cob, being careful not to cut too close to cob.

Scald crock or glass jars and dry them; put in layers of 3 inches of corn and $\frac{1}{2}$ inch cooking salt. Fill crock or jar, cover with piece of muslin or worn table linen that has been sterilized and then dipped in salted water—2 tablespoons of salt to 2 cups of water.

If crock is used, put a piece of board on top, and if glass jars are used, fit a small piece of muslin under lid and fasten top. Set away in cool, dark place.

SANDWICHES

COCOA PASTE

Bread.

$\frac{1}{4}$ cup cocoa. $\frac{1}{2}$ cup sugar.

$\frac{1}{4}$ cup boiling water (about).

$\frac{1}{4}$ teaspoon salt.

Mix the sugar and boiling water in bowl; place bowl in pan of boiling water, then add the cocoa and salt, stirring very hard; when smooth, remove from pan of water, stirring it 5 minutes. When cool and soft (not cold, as it gets hard), spread on 6 thin slices of bread; place on top of each other and firmly press: cut into slices as you would cut a jelly cake.

COCOANUT SANDWICH

$\frac{1}{2}$ cup grated cocoanut.

1 cup seeded raisins.

$\frac{1}{4}$ teaspoon salt.

2 tablespoons orange juice or

1 tablespoon lemon juice.

Wash and dry the raisins. Put thru food chopper; add the grated cocoanut, which must be dry, and the salt and fruit juices; spread between thin slices of white bread cut in three-cornered shapes. No butter is needed with this paste.

SWEET ECONOMY SANDWICHES

These are exceptionally good when jams, fruit butters and jellies are low. Take all the small pieces of stale bread and dry them in the oven; then put thru food chopper or place on bake-board and roll until fine; then put the crumbs in bowl and add syrup enough to make a thick jam; a little salt to take away the flat taste; a few nuts put thru food chopper with the bread makes a very pleasant change. This makes a dandy sweet sandwich for the hungry school boy or girl.

LAYER OR RIBBON SANDWICHES

Loaf bran bread.

Loaf white bread.

2 eggs.

2 tablespoons mayonnaise or

2 tablespoons butter and seasoning.

Remove the crust from the bread; cut into thin slices. Spread the white slices with egg paste and the brown slices on both sides with butter; then a white slice with egg paste, a brown slice and a white slice, making 5 slices of bread. Then cut into $1\frac{1}{2}$ -inch strips, each 5 slices, making 4 sandwiches. Wrap in wax paper until ready to use. These sandwiches are very attractive and good.

PEANUT BUTTER AND RAISIN SANDWICHES

1 loaf day-old whole wheat bread.
 1 cup seeded raisins.
 ½ cup peanut butter.
 A pinch of salt.

Wash and dry the raisins; put thru food chopper twice; mix with peanut butter and salt until a smooth paste. Remove the crust from the bread and cut into thin slices. Spread the mixture, press together and cut 3-cornered shapes. These are most attractive and tasty. No butter is used.

JAPANESE SANDWICHES

1 cup boiled rice.
 1 teaspoon grated onion.
 1 teaspoon finely chopped parsley.
 ½ cup sardines (skin and bone removed) or any cold fish may be used.
 ½ teaspoon paprika.
 1 tablespoon chopped stuffed olives.

Put the rice, fish and olives thru the meat chopper; add the onion, parsley, paprika and oil from the sardines; mix well to make a paste; spread between thin slices of dark bread. Do not use butter, as the oil from the sardines is very rich.

DEVILED EGG SANDWICHES

3 hard-boiled eggs. ¼ teaspoon mustard.
 ¼ teaspoon salt. Dash white pepper.
 Dash paprika.
 1 tablespoon butter or olive oil.
 1 tablespoon vinegar.
 1 tablespoon onion juice.
 1 tablespoon cut parsley or green pepper.

Cut the eggs in half; remove the yolks with a silver fork; powder; then add the mustard, salt, pepper, paprika, cayenne pepper and vinegar; mix well and add the other ingredients; mix well. Chop the whites of eggs very fine and add to the yolks. If not moist enough, add more vinegar. Spread bread with egg paste, put shredded lettuce between. This makes 6 sandwiches, 4 inches square.

All sandwiches should be wrapped in wax paper.

CHEESE AND PARSLEY SANDWICH

1 cake cream cheese.
 1 tablespoon chopped parsley.
 Dash paprika.
 Dash white pepper.
 Pinch salt.

Mix the cheese, parsley, salt, pepper and paprika with just enough milk or cream to make a smooth paste. Spread one thin slice of bread with butter and the other with the cheese paste; press together and cut into fancy shapes.

PRUNE AND MARSHMALLOW SANDWICHES

1 cup uncooked prunes.
 $\frac{1}{2}$ cup marshmallow whip.
 1 teaspoon lemon or orange juice.
 A few grains salt.

Wash and dry the prunes, remove the stones and put them thru food chopper; add fruit juice and salt; mix well; spread one slice of bread with the prune and other with marshmallow whip; press together and cut into diagonals.

Note: Two tablespoons chopped nut meats may be added or 1 tablespoon peanut butter.

CREAM CHEESE AND OLIVE SANDWICHES

Bran bread. 1 cake Philadelphia cream cheese.
 8 stuffed olives. Salt and pepper.

Mix the cheese with salt, pepper and milk enough to make a smooth paste so it can be spread. Spread slices of bread. Cut the olives in thin rings and spread on cheese. Both slices of bread must be spread with cheese, and olives are put between. Cut in 3-cornered shapes.

RAISIN PASTE SANDWICHES

1 cup seeded raisins.
 $\frac{1}{2}$ cup English walnuts or peanuts.
 2 tablespoons lemon or orange juice.
 $\frac{1}{4}$ teaspoon salt.

Wash and dry the raisins; put the raisins and nuts thru the food chopper; add salt and orange or lemon juice and mix well; this should make a smooth paste, but if it is too dry, add a little more fruit juice. Spread between thinly sliced whole wheat or white bread; cut in finger shapes.

CHEESE AND OLIVE SANDWICHES

Take 1 Neufchatel cheese and 2 tablespoons chopped olives and cream together with just enough milk to make a smooth paste. Spread thinly sliced health bread and cut in 3-cornered shapes.

CHEESE AND JELLY SANDWICHES

Mix 1 Neufchatel cheese with just enough milk or cream to make a smooth paste; add a pinch of salt. Spread one thin slice of bread with butter and the currant jelly, the other slice with the cheese, and press together. Cut the bread into triangles.

CHEESE PASTE SANDWICHES

1 cup grated American cheese.
12 stuffed olives.
2 tablespoons melted butter.
 $\frac{1}{2}$ teaspoon salt.
1 teaspoon Worcestershire sauce.
2 tablespoons chopped parsley.
Dash white pepper. Dash paprika.

Chop the olives fine, mix all the ingredients together and make a smooth paste. Spread between thinly sliced rye or white bread; all crusts should be removed; cut in 3-cornered shapes.

ROLLED BREAD AND BUTTER OR CHEESE SANDWICHES

Cut the bread very thin; remove all crust. Have the butter quite soft, or if cheese is being used be sure it is worked soft and seasoned; a few drops of milk can be used in mixing it, so that it can be easily spread; roll and wrap in wax paper until ready to use.

NEUFCHATEL CHEESE AND PEANUT BUTTER PASTE

1 Neufchatel or cream cheese.
 $\frac{1}{2}$ teaspoon salt.
1 teaspoon chopped parsley.
 $\frac{1}{4}$ cup peanut butter.
Dash white pepper. Dash paprika

Mix all the ingredients and add milk enough to it so as to spread easily. Spread on thin slices of bran bread and press together, or spread with just peanut butter. Most persons are fond of peanuts or peanut butter.

Part III—Autumn Recipes

(October, November, December)

OYSTERS

OYSTER COCKTAIL

24 oysters.

1 tablespoon grated horseradish.

1 tablespoon tomato catsup.

1 teaspoon salt.

$\frac{1}{4}$ teaspoon cayenne pepper.

$\frac{1}{4}$ teaspoon paprika.

2 tablespoons lemon juice.

Mix all together thoroly. This is enough for 6 cocktails. Serve the mixture in sherbet glasses in center of soup plate, with finely crushed ice around and 4 oysters on top of ice, with extra slice of lemon and a sprig of parsley.

FRIED OYSTERS

Drain 25 oysters in colander, then dip in fine breadcrumbs, laying oysters separately, so as not to lay on one another, after they have been dipped in breadcrumbs the first time. Beat 2 eggs with 2 tablespoons milk and a teaspoon pepper. Very carefully pick up the oysters and put in the egg; remove from egg and dip in breadcrumbs; fry in deep fat, very hot (smoking hot); drain on tissue toweling or blotting paper; when all are fried dust with a little salt.

OYSTER STEW

20 medium-sized oysters.

2 cups milk.

1 level teaspoon butter.

1 level teaspoon salt.

A few grains of red pepper, or a dash of white pepper.

Drain the oysters; put in a shallow pan; bring to boil quickly. Add the butter, salt, pepper and milk, which must be at the boiling point. The milk is put on fire before the oysters, as it takes the 2 cups of milk longer to come to a boil than it does the 20 oysters. The quicker one brings the oysters to a boil the better they will be. Serve with oyster or the old-fashioned water crackers. It adds much to the stew if the crackers are heated, as the cold crackers chill the stew. This amount fills 4 average soup plates.

OYSTER CHOWDER

1 quart milk.

25 oysters.

1 quart diced white potatoes.

1 tablespoon drippings or butter substitute.

1 cup cracker crumbs or dried breadcrumbs.

1 teaspoon salt.

$\frac{1}{8}$ teaspoon pepper.

2 tablespoons finely chopped parsley.

Bring the oysters to a boil, drain (save the stock for chowder) and chop oysters in small pieces; add to the potatoes, which have been boiled until tender in very little water.

Put drippings or butter substitute in pan, add the flour, stir until smooth, then add to potatoes and oysters. Add hot milk, oyster stock and seasoning. Just before serving add crumbs and parsley.

CREAMED OYSTERS

30 medium-sized oysters.

1 tablespoon butter substitute.

1 tablespoon flour.

1 cup milk. 1 teaspoon salt.

A few grains red pepper or a little white pepper.

Small piece of whole mace.

6 thin slices of toasted bread.

Drain the oysters; put in shallow pan over quick fire. As soon as the gills curl, cover with sauce and boil 3 minutes.

Sauce.—Put butter into pan over fire, and when melted remove. Add flour and mace and stir smooth. Return to fire and add cold milk slowly, stirring until smooth and thick. Add salt and pepper. Remove the mace before serving.

BROILED OYSTERS, BROWN SAUCE

30 oysters.
2 tablespoons butter or substitute.
2 tablespoons flour. $\frac{1}{2}$ teaspoon salt.
 $1\frac{1}{2}$ cups milk. 1 teaspoon caramel.
6 thin slices toast.
Sprigs of parsley.
1 teaspoon table sauce.

The sauce for the oysters is made first and put in top of double boiler. It is made as follows:

Put the butter in pan; when melted add the flour and stir until mixed. Add milk or stock or half milk and half stock, seasoning and caramel. Stir until smooth and boil 5 minutes. Then put the griddle on fire, and when very hot brush with fat. The oysters are drained and dried with a piece of cheesecloth; then put them on hot griddle and brown quickly. Turn with cake turner or spatula. Dust with salt and paprika. Put into sauce at once. One must be careful not to put too many on the griddle at one time. Be sure to put into sauce as soon as they are browned.

ESCALLOPED OYSTERS

25 oysters.
2 cups breadcrumbs.
 $\frac{1}{4}$ cup milk.
2 tablespoons butter or oleomargarine.

Brush bakedish with butter or oleomargarine; cover the bottom with breadcrumbs, then lay the oysters in carefully; dust with salt and pepper and cover with the breadcrumbs; pour over the milk and dot with the remainder of the butter or oleomargarine. Bake in hot oven 20 to 25 minutes.

OYSTERS IN CASSEROLE

20 oysters.
2 cups breadcrumbs.
2 tablespoons butter substitute.
 $\frac{1}{2}$ cup milk.
 $\frac{1}{2}$ cup strained stewed tomatoes.
1 teaspoon salt.
Pepper to taste.

Brush casserole with butter substitute, put in a layer of breadcrumbs; drain and rinse the oysters and put half over breadcrumbs; season and add a little of the butter. Cover with layer of breadcrumbs, the remainder of oysters, seasoning and remainder of breadcrumbs; cover with milk; put in hot oven. Bake 40 minutes; then cover with seasoned, stewed, strained tomatoes. Serve in dish in which it is baked.

MASHED POTATO OYSTER PIE

20 oysters.
 1 quart mashed potatoes.
 2 tablespoons butter substitute.
 1 teaspoon salt, a little pepper.
 1 cup white sauce.

Brush bakedish with butter substitute; cover bottom with half the mashed potatoes. Drain the oysters and put them on potatoes; season and put a little butter substitute on each oyster. Cover with potatoes, smooth and brush top with a little cold milk. Bake 25 to 40 minutes. Serve with white sauce.

Note.—No milk is added to the potatoes when mashing.

MARYLAND OYSTERS

25 oysters. 2 eggs.
 2 cups flour. 1 cup milk.
 1 teaspoon baking powder.
 1 teaspoon salt.
 Dash white pepper.

Drain and rinse the oysters; lay between pieces of cheesecloth. Dip in batter and fry until brown on hot griddle, which has been brushed with drippings. Serve at once on hot platter; garnish with sprigs of parsley.

Batter

Sift the flour, baking powder, salt and pepper into bowl; add the milk to make a smooth batter; beat the eggs until light; add to the flour and beat well.

Do not stick oysters with a fork; lift the oysters in and out with a spoon. Use very little batter.

OLD-STYLE OYSTER SOUP

25 medium-sized oysters.

MEATS

- 1 pound pork chops (5 to pound).
- 1 teaspoon salt.
- $\frac{1}{8}$ teaspoon pepper.
- 1 tablespoon molasses.

Soak the beans 24 hours, boil slowly from 3 to 4 hours. Some beans will cook tender in less than an hour. It is always best to be on the safe side; therefore, put them on early. If tender in 1 hour, put on back of stove until ready to serve; then drain and put into shallow pan; season to taste and place pork chops on top. Bake from 30 to 45 minutes after adding 1 tablespoon of molasses and 1 cup of bean stock. Season and baste the chops.

BREADED PORK CHOPS

1 pound loin or rib chops, cut very thin.

1 egg. 3 tablespoons flour.

1 cup dry breadcrumbs.

Salt, pepper and fat or oil for frying.

The chops must be small, lean and cut very thin. Dust with salt, pepper and dip in flour. Then dip in egg, which has been beaten with one tablespoon of cold milk; then in breadcrumbs. Fry in deep, hot fat. Lay on tissue toweling or brown paper. Place in hot oven 10 to 15 minutes. The reason for putting in oven is to make sure the pork is well done. If the chops are small and cut thin, there will be five chops to the pound.

PORK CHOPS WITH SWEET POTATOES

With cold weather one thinks of pork chops or roast pork. Nothing is quite so good with pork as sweet potatoes, hominy and apple sauce.

Much depends on how the pork chops are fried. First, they should be cut thin. The pan must be very hot, and if chops are fat, no dripping is needed. Put chops in the hot pan and keep turning constantly until well seared on both sides. Reduce the heat and fry until well done; the time depends on the thickness of chops and the amount of heat.

The sweet potatoes are boiled with the skins on, then skinned and put thru press or ricer on to hot platter. Dust with salt and pepper; the chops are put in center and gravy around the potatoes. All is sprinkled with parsley.

ROAST LOIN PORK WITH SAGE DRESSING

Wipe the loin of pork with wet cloth; have the bone removed. Put into very hot oven for 20 minutes or until well seared. Then add 1 teaspoon salt, dash pepper and 1 cup cold water. Roast slowly 2 hours. Add water as it is necessary. You must have 2 cups of gravy. To the pan of gravy add 1 tablespoon flour wet with cold water, 1 tablespoon caramel and salt and pepper to taste. Add 1 teaspoon sage and boil 2 minutes.

HOMEMADE SAUSAGE

10 pounds finely chopped pork with a little fat.
 2 tablespoons of salt.
 1 teaspoon pepper.
 2 tablespoons powdered sage.
 Melted pork fat.

Fry out enough pork fat to make sufficient to pour over the jars of sausage. Chop the remaining lean and fat, add the seasonings and blend them very thoroly with the meat. Pack in jars or crocks and pour over the top a thick layer of fat. It is best to use jars or crocks that are small enough, so that after the sealing of fat is broken they will be used within a few days. Keep in a cold place.

FRIED SAUSAGE

Cut the sausage into pieces $\frac{1}{4}$ inch thick; put into frypan, fry slowly, removing the drippings constantly until cooked thru and brown. Place on hot platter and garnish with sprigs of parsley.

MEAT PIE WITH POTATOES

Add the potatoes and boil 30 minutes; mix the flour with a little cold water and add to meat and potatoes. Pour in bakedish, sprinkle with parsley and cover with dough. Brush with milk and place in hot oven 20 minutes.

Dough is made as follows:

1 cup flour.
 $\frac{1}{2}$ teaspoon salt.

 1 tablespoon beef suet put thru food chopper or cut very fine.
 $\frac{1}{4}$ cup cold milk.

Sift flour, baking powder and salt into bowl, add suet and mix well; add cold milk to hold together; put the dough on floured plate and pat it the size of top of bakedish. There is no bottom crust to this pie.

SUET DUMPLINGS TO SERVE WITH STEWS

The suet is put thru food chopper, then added to flour, which has been sifted with baking powder and salt. Rub together with tips of fingers, then add enough cold water to make a stiff dough. Take a tablespoon and roll into ball in floured hands. Place in colander or strainer over boiling water; steam 1½ hours.

1 beef kidney.
 2 tablespoons oleomargarine or drippings.
 2 tablespoons finely cut onion.
 2 tablespoons flour.
 1 tablespoon lemon juice.

Slice the kidney into thin pieces; remove all fat and veins, put into bowl, cover with warm water and a little salt; let stand 1 hour; drain and cover with cold water, put on to boil and boil slowly 30 minutes; drain.

Put fat, onion and kidney into frypan and fry until onion is cooked, but not brown; sprinkle with flour; stir until each piece of kidney has some flour on it, then add 1½ cups cold vegetable stock or water; stir until it has thickened; add salt, pepper, lemon juice and mace; let simmer 15 minutes.

Make a border of mashed potatoes on hot platter and put the kidney in center; sprinkle with parsley and paprika.

A little catsup or table sauce adds much to the kidney stew.

FRIED TRIPE

- 1 pound boiled tripe.

Cut the tripe into small, dainty-sized pieces. Put on to boil until very tender; drain and dry on a piece of cheesecloth; sprinkle with salt and pepper, dip in flour, then in well-beaten egg, to which add 1 tablespoon of milk, and 1 teaspoon of scraped onion; then dip in breadcrumbs. This can be served on shredded lettuce or served with border of finely shredded lettuce.

The liquid is used for oyster broth.

Sauce: Put the butter into saucepan, melt, add the flour and mix well, then add the cold milk slowly, stirring until smooth and creamy; add the salt, pepper and nutmeg; boil 2 minutes.

MEAT SUBSTITUTES

FRICASSEE RABBIT

When skinning a rabbit be sure the skin is turned inside out, so there will be no fur (hairs) on the meat.

Rub the meat with coarse towel. Wash in cold water and cut the rabbit in 8 pieces; 2 hindquarters, 2 forequarters and back in 4 pieces.

Put 2 tablespoons drippings in Dutch oven or iron boiler. When hot, add the pieces of rabbit, which have been seasoned and dipped in flour. When nice and brown cover with 2 cups of boiling water; add 2 tablespoons cut onion. Cover and cook slowly 2 hours. When tender, remove the rabbit, put on platter and add to the gravy (there should be 2 cupfuls) 2 tablespoons of flour mixed with a little cold water. Boil 5 minutes. Pour some of the gravy over the rabbit; the remainder put in gravy boat. Garnish platter with candied sweet potatoes and chopped parsley.

FRIED RABBIT

The small young rabbits are cut same as in foregoing recipe, dusted with salt, pepper and flour and put in frypan with bacon or a little bacon drippings. The rabbits are browned on both sides, then add a half cupful of water or milk, cover and set on very slow fire or put in oven 15 or 20 minutes (it must be well done). A little more milk may be added to make the desired amount of gravy. Garnish with parsley or celery tops.

RABBIT PIE

Prepare the rabbit and cut into twelve pieces; put on in saucepan with enough boiling water to cover, add $\frac{1}{4}$ cup finely cut carrots and one teaspoon of salt and dash of pepper; cook slowly until tender; add one quart of potatoes, which have been diced fine; make a biscuit dough and line bakedish; pour in rabbit and potatoes. Sprinkle with chopped parsley, cover with crust and brush top with a little cold milk; bake 30 minutes or until brown.

How to make crust:

$1\frac{1}{2}$ cups flour.

$1\frac{1}{2}$ teaspoons baking powder.

1 tablespoon shortening.

$\frac{1}{2}$ teaspoon salt. $\frac{1}{4}$ cup milk.

Sift flour, baking powder and salt into bowl; rub in shortening very lightly, add milk to form a dough; divide and use half for bottom and half for top.

SMOTHERED RABBIT

Skin and remove the head and neck, wash very carefully. Be sure there is no fur on the meat (often in skinning the hairs get on, and they are troublesome to get off). Cut the rabbit down the back, then cut in six pieces, two hindquarters, two center or loin cuts and two forequarters. Wipe with piece of cheesecloth, dust with salt, pepper and flour, put one tablespoon of bacon drippings in Dutch oven, heavy boiler or iron frypan that has a fitted lid. If there are no bacon drippings use 2 or 3 slices of bacon and 1 tablespoon of cut onion; add the rabbit and slightly sear; add a little water, and from time to time there must be a little water added so the rabbit will not brown and to have a cupful of thickened gravy when finished.

Have about 4 cupfuls of mashed potatoes and make a ring around the platter with the potatoes, and put the rabbit in center, pour gravy over rabbit and sprinkle all with chopped celery tops and parsley.

SCRAPPLE

½ pig's head or set of pig's feet.

2 cups cut onion.

2 tablespoons cooking salt.

½ teaspoon pepper.

6 cups cornmeal.

3 cups buckwheat flour.

1 teaspoon powdered thyme.

1 teaspoon powdered summer savory.

1 teaspoon powdered sage.

Remove eyes and teeth from pig's head, or have the feet cleaned correctly. Wash well and put in boiler with 10 quarts of cold water. Add onion and boil until the meat and skin fall from the bones. Remove all the meat and chop or cut it quite fine. Strain the stock, so there will be no small bones; return stock and meat to boiler. When boiling, add the cornmeal very slowly, stirring constantly, and boil 1 hour. Add salt, pepper and buckwheat flour slowly, stirring constantly. Be careful the flour does not lump. Add thyme, summer savory and sage; boil 30 minutes, stirring often, so it will not burn. Pour into square pans and set in cold place 2 to 3 days. Remove the fat that forms on top and use it to brush griddle on which the scrapple is fried after it is cold.

This will keep a month in a cold place. Always dust with a little flour before frying.

VEAL SHOULDER WITH BROWN POTATOES

Purchase a 6 to 7 pound shoulder of veal, have the butcher cut a pocket in the meat, wipe with a piece of cheesecloth; fill and sew up. Place in roast pan, sprinkle with salt and pepper; put into hot oven and roast 1 hour, adding water as it is needed; there must be 2 cupfuls of gravy when finished; add the white potatoes, which have been washed and pared and parboiled; roast 30 minutes. Remove the meat to a hot platter, place the potatoes around the edge and pour the gravy around or serve in a gravy boat; garnish with sprigs of parsley.

Gravy

Add 2 tablespoons of flour wet with a little cold water to pan; add a half teaspoonful of salt, a dash of pepper and 1 tablespoon of caramel.

In the center of the platter put the correctly boiled and molded rice, placing the cutlet against the rice and the green peas around the edge.

Part IV—Winter Recipes

(January, February, March)

OYSTERS

OYSTER BISQUE

8 medium-sized oysters.
1½ cups evaporated milk.
1½ cups water or 3 cups milk.
1 tablespoon butter or butter substitute.
1 tablespoon flour. ½ teaspoon salt.
Pepper and paprika.

Put the milk and water on to boil, when boiling add the butter and flour, which have been rubbed together until smooth, boil until smooth and creamy, then drain the oysters and put in small pan over fire until the gills curl, then put thru chopper or cut fine, add the hot oyster liquor. The seasoning and a few grains of nutmeg will flavor.

QUICK PANNED OYSTERS

30 oysters. 1 tablespoon butter.
1 teaspoon salt.
A few grains of red pepper or a little white pepper.

Drain the oysters and put into hot, shallow pan (they should not be over 3 oysters deep when putting them in pan); keep pan over hot fire constantly in motion; add butter, salt and pepper; boil 3 to 5 minutes, that depends on size of oysters. One must be careful not to boil them too much. This is the simplest and one of the best ways to cook oysters.

DEVILED OYSTERS

12 large oysters. 1 cup milk.
 1 tablespoon butter. 2 tablespoons flour.
 1 egg. 1 tablespoon chopped parsley.
 1 cup fresh breadcrumbs.
 1 cup dry breadcrumbs.
 ½ teaspoon salt. Dash pepper.
 Dash paprika.

Drain and rinse the oysters; put thru chopper; then put into saucepan; add onion and let them come to a boil and add 1 cup boiling milk. Rub butter and flour together and add to the oysters and milk, stirring until it thickens; then add salt, pepper, parsley and fresh breadcrumbs; mix all well together. Set aside to get cold. Have 12 large oyster shells; wash, scald and dry. Fill the mixture, dust with dry breadcrumbs (beat egg with 1 tablespoon milk), lift the oyster shell with skimmer or large spoon and cover with the beaten egg, again with breadcrumbs. Bake 20 minutes in hot oven or fry in deep, hot fat.

PIGS IN BLANKETS

Take large oysters, drain and wrap each one in a very thin slice of bacon and fasten with toothpick thru the hard part of oysters. Place in shallow pan in hot oven and bake until the bacon is brown. Have bran bread cut thin and oblong just the size to hold 5 oysters. Toast in oven and when oysters are done, lay them evenly on the bread. Garnish with thin slice of lemon that has been dipped in very finely chopped parsley. A sprig or two of watercress adds to the appearance of the dish. Sauce can be served around the bread.

The sauce can be made by adding a little flour to the pan in which the oysters are baked. Mix well, and add 1 cup of cold milk and seasoning to taste; boil 5 minutes.

A GOOD WINTER SOUP

1 pound neck of beef.
 ¼ cup beef suet. ¼ cup barley.
 ¼ cup green peas. 1 cup diced carrots.
 1 cup finely cut onion. 1 cup diced potatoes.
 1 level tablespoon salt. Pepper to taste.
 2 tablespoons cut parsley.

Wash the meat, put on to boil with 2½ quarts of water, boil ¾ hour; then add the well-washed barley and beef suet; boil ½ hour; then add rest of ingredients; boil 40 minutes; remove meat and suet. If it is too thick, add rice or any other vegetable stock that is on hand. There must be 2 quarts of thick soup when finished, allowing 2 large helpings for each person.

Note—The meat and suet is used for tomorrow's dinner.

PUREE OF BEAN

1 pound beans.

2 tablespoons finely cut scallions.

2 tablespoons drippings. 2 teaspoons salt.

$\frac{1}{4}$ cup finely cut onion.

1 level tablespoon salt. Pepper to taste.

1 teaspoon thyme. 1 tablespoon chopped parsley.

1 tablespoon cornstarch.

$\frac{1}{2}$ pound half-smoked sausage.

Wash and soak the beans overnight, put on to boil with $2\frac{1}{2}$ quarts of cold water; boil slowly 2 or 3 hours, then add potatoes and onion, salt and pepper, boil 45 minutes, or until the beans and potatoes have boiled to a mush. It may be necessary to mash the beans to make it quite thick. Add parsley and thyme and the cornstarch, which has been mixed in cold water.

Wash and cut the half-smoked sausages into $\frac{1}{4}$ -inch pieces and put in the chowder. This gives the smoked meat flavor and makes a very hearty chowder.

MOCK OYSTER OR SALSIFY SOUP

2 cups salsify. 2 cups milk.

1 tablespoon grated onion.

1 tablespoon butter or butter substitute.

1 tablespoon flour. 1 teaspoon salt.

Brush shallow earthen dish with drippings; fill with fish and cover with breadcrumbs; bake in moderate oven 30 minutes; serve in dish in which it is baked.

SMOKED HERRING

Remove head and split, being careful not to break or cut the roe or milt. Remove backbone and skin, which is quite easily done if started at top end. After the fish have been cleaned they can be broiled and a little melted butter substitute put on top, or they can be put on pie plate and placed in hot oven 5 to 10 minutes. MEATS

LAMB A LA NEWBERG

2 cups cold boiled lamb. 1 cup cream sauce.
1 tablespoon finely cut green peppers. 1 cup rice.

Cut the lamb into inch-square thin pieces; cover with cream sauce, which has been colored with 1 teaspoon caramel; add the green pepper and put in center of platter. The rice is washed and boiled as usual, and put around the meat. Dust the rice with paprika and sprinkle with chopped parsley.

FOREQUARTER OF LAMB

If a forequarter of lamb is correctly cut there should be a rack of lamb (French chops), a shoulder, also the neck and breast, which is boiled. The broth is used for soup, and the meat can be used for croquettes, meat loaf, creamed and served on toast, for salads or used in many other ways. True, there is not a great deal from the forequarter weighing 8 to 9 pounds, but there will be 2 cups of lean meat which, when used with other food, will always be enough for the family of 4 or 5 persons. Or it can be made into a stew or curried and served with rice.

The shoulder can be filled and roasted or boiled with caper sauce, or pot roasted. The rack, which is the dainty French chops, is the choicest of the entire lamb, and if the butcher cuts the forequarter correctly—that is, removes the shoulder and takes out all bone, then cuts off the neck and breast; then removes the chine and frenches the chops same as for a crown roast—there will be 12 very choice chops to cut as needed.

CROWN ROAST YEARLING LAMB

One rack of lamb is fixed and tied by the butcher. The trimmings and bones that were boiled yesterday are used in the bottom of the pan, and the meat is seasoned and placed on same. The chopstick is covered with a small pudding pan so it will not burn. Roast quickly 45 minutes. Place on warm chop plate. Put the potatoes in center and the peas around the meat.

1 quart old potatoes, mashed.

1 can of peas.

The rack of lamb makes a very small crown roast, but the rack can be cut with the neck (chops) and there will be enough meat for the moderate meat eater.

LAMB STEW WITH CARROTS AND PEAS

1½ pounds lean stewing lamb.
 1 quart carrots. 1 tablespoon cut onion.
 2 tablespoons finely cut parsley.
 1 teaspoon salt. Paprika.

Have the meat cut into small pieces; wash and put into saucepan with 4 cups boiling water. Boil 1½ hours, then add the carrots, which have been washed, scraped and cut into 1-inch thin strips. The onion, salt and pepper are added. Be sure there is enough water to come to top of carrots and meat. Boil 45 minutes. Mix flour with cold water and add to meat and carrots to make a thick sauce. Boil 5 minutes; then add the parsley. Serve the meat in center of platter and carrots around. Heat 1 can of peas and pour around the carrots. When prepared in this way no butter is needed, the meat is nicely flavored and the carrots and sauce are rich and tasty.

ESCALLOPED LAMB WITH CREOLE SAUCE

Cut the cold boiled meat into small, thin slices; put in shallow earthen or glass dish; then cover with sauce creole, made as follows:

2 tablespoons drippings or cooking oil.

Mix the curry powder and flour with a little cold water and add to the meat. Boil 5 minutes. The rice is washed, boiled, blanched and dusted with salt, as usual, and put around the edge of platter. Put the meat and gravy in center; sprinkle with parsley and dust with paprika.

BROWN BEEF STEW WITH DUMPLINGS

Brown the beef in a little beef drippings, add onion and seasoning and boil until tender; add a little of the celery stock to flavor the gravy and meat; when tender add a little cornstarch thickening and serve on chop plate with dumplings around the edge; garnish with parsley and dust dumplings with paprika.  1 teaspoon lard or shortening. Milk.

Sift dry ingredients; add shortening; rub in very lightly; add sufficient milk to make a stiff dough; take a teaspoonful in floured hands and roll evenly; after all are made, put on top of meat; put cover on so steam will not escape and boil 10 minutes; remove with fork and put around the edge of platter. Cut the meat into small pieces, put on to boil in 3 cups of boiling water; add 1 teaspoon salt, pepper and onion, boil until tender, about $2\frac{1}{2}$ hours; add half the potatoes, cut in dice, and boil 25 minutes.

While the meat is boiling, wash, boil and skin the other half of potatoes, put thru fruit press or potato ricer, add 1 teaspoon of salt, pepper and a little milk; beat until light and smooth.

Put the stewed meat and potatoes, which have been thickened with the cornstarch, into bakedish, then cover with the peas, which are seasoned with a little salt. Cover top with the mashed potatoes, rough with fork, sprinkle with cornmeal and put in oven to brown.

Have small loin or rack chops cut 5 to the pound; trim off the chine bone. Put the chops into hot pan without fat, also the trimmings; fry quickly, turning quite often. There will be enough fat from the meat and bone trimmings to fry the meat. After the chops are browned nicely, season with salt and pepper. Place on center of hot platter. Put the hominy, which has been soaked overnight and boiled until tender (either in a fireless cooker or in front of cellar furnace) into pan after removing bones. 4 cups boiled hominy.
 ½ cup left-over meat, chopped fine.
 1 tablespoon drippings.
 1 tablespoon finely chopped parsley.
 1 teaspoon salt. Paprika.

Put the drippings in pan, add cold boiled hominy; put over slow fire until heated thru (stirring quite often); then add the meat, fry until both are light yellow. Serve on hot dish; dust with paprika and sprinkle with parsley. For those who like the flavor of onion, 1 tablespoon of finely chopped onion is added to the drippings before hominy is put in pan.

FRITTERS**MOCK OYSTER FRITTERS**

1 bunch oyster plant (salsify).
 1 cup flour. ½ cup milk. 2 eggs.
 1 level teaspoon salt. A little pepper.
 2 tablespoons baking powder.

Wash, scrape and cut the salsify into ½-inch pieces, cover with boiling water, put on to boil and boil 30 minutes or until tender. Drain and mash thru strainer. When cold add the milk and well-beaten eggs, seasoning.

Sift flour and baking powder into mixture, beat a few minutes, fry in hot, deep fat or on hot greased griddle until browned nicely on both sides. Make the shape of a fried oyster. Warm cat-sup can be served, if desired.

Note: One bunch makes about 2 or 2½ cups after cooking.

BREAD FRITTERS

1 cup of ends of crusts of bread.

1 cup flour.

$\frac{1}{2}$ cup each of milk and rice stock or all milk.

1 or 2 eggs. 2 teaspoons baking powder.

$\frac{1}{2}$ teaspoon salt.

Cover the dry bread with cold water for 10 minutes; press between the hands until dry; put into bowl with milk, rice stock and salt. Beat until bread is smooth, then add well-beaten eggs; mix well, then sift in the flour and baking powder; mix lightly. Bake on hot, well-greased griddle.

CORN FRITTERS

2 cups crushed canned corn. 1 cup flour.

$\frac{1}{2}$ cup milk. 2 teaspoons baking powder.

$\frac{1}{8}$ teaspoon pepper.

Sift dry ingredients into bowl, add milk, well-beaten eggs and corn. If corn is coarse put thru food chopper. The dough must be quite thin if they are to be fried in deep fat; if cooked on griddle, have it the consistency of hot cake batter.

BREADCRUMBS AND PINEAPPLE FRITTERS

1 cup breadcrumbs. $\frac{1}{2}$ cup flour.

$1\frac{1}{2}$ cups milk. 1 egg.

1 level teaspoon salt.

2 teaspoons baking powder.

1 tablespoon molasses.

1 cup grated pineapple. $\frac{1}{2}$ cup sugar.

Cover breadcrumbs with milk; add well-beaten eggs, salt and molasses. Mix well, then sift flour and baking powder into mixture; brush griddle with drippings and bake the fritters slowly a rich brown. Mix pineapple and sugar together and put over the fritters. Any crushed fresh or canned fruit can be used.

APPLE FRITTERS

$\frac{1}{2}$ teaspoon salt. 1 egg.

Wash, pare and core the apples; cut into rounds $\frac{1}{4}$ inch thick; dip into the batter and fry in very hot oil. Dust with pulverized sugar.

Batter: Sift the flour, baking powder and salt into bowl; add the milk slowly and the well-beaten egg; mix well.

JAMS AND MARMALADE**CRANBERRY AND RAISIN JAM**

1 quart cranberries.
2 cups (1 package) seeded raisins.
1 cup sugar. $\frac{3}{4}$ cup water.

Put the cranberries and water on in saucepan; cover and bring to a boil quickly. As soon as they begin to cool, mash and strain thru colander. Add the sugar, and raisins, which have been washed, dried and put thru a food chopper. Return to fire and boil slowly 30 minutes, or until it thickens like sauce, stirring quite often.

ORANGE MARMALADE

12 oranges. 4 tablespoons lemon juice.
4 cups water. 8 cups sugar.

Cut the oranges in half, scoop out the juice and pulp. Put the skins on to boil with 6 quarts of cold water and boil until tender; remove and put in colander to drain. When they are well drained, take a spoon and remove all the white; it will come out easily. Shred the yellow and add to the juice and pulp. Be sure that all the white fiber has been removed. Add the sugar and water and boil slowly 2 hours, or until thick.

GRAPEFRUIT MARMALADE

To 4 cups of grapefruit pulp, rind and juice, take 8 cups of water, 12 cups sugar and 6 tablespoons lemon juice. Wash and cut the grapefruit in halves, crosswise, cut out the seeds, remove pulp and all the juice with a spoon; put in porcelain-lined preserving kettle that is not chipped. (Two good grapefruit will make 4 cups or more.) Remove all white fiber, cut the rind in fine strips, or put thru food chopper, add to pulp and to each cup of pulp and rind add 2 cups cold water; set away 24 hours, then add the lemon juice and 12 cups of sugar (6 pounds); boil slowly 2 to 3 hours, stirring quite often. It must be thick, so the rind will not separate.

APRICOT AND RAISIN MARMALADE

1 cup apricots, prunes or dried peaches.
1 cup seeded raisins.
 $1\frac{1}{2}$ cups water. 1 level teaspoon salt.
1 cup syrup.

Wash the apricots, prunes or peaches and raisins; put to soak in the $1\frac{1}{2}$ cups of water for 2 hours. Put the fruit thru food chopper, return to water, add salt and syrup, and boil 15 minutes. Stir frequently so it will not burn.

SLICED APPLES (A GOOD RELISH)

$\frac{1}{4}$ peck apples. 1 cup vinegar.
 $\frac{1}{2}$ cup water. $\frac{1}{2}$ cup brown sugar.
 $\frac{1}{2}$ cup syrup.
 3-inch piece of stick cinnamon.
 $\frac{1}{2}$ teaspoon whole cloves.
 $\frac{1}{2}$ teaspoon allspice.

Put the vinegar, water, sugar and spices on and boil 10 minutes. Wash, pare, quarter and core the apples, put into saucepan and pour the boiled vinegar over them; boil 5 minutes; remove cover and boil slowly until tender. Leave the spice among the apples.

PEACH BUTTER

1 pound dried peaches. $1\frac{1}{2}$ cups sugar.
 $1\frac{1}{2}$ teaspoons salt.

Wash the peaches thru several waters; cover with boiling water; when cool remove skins; strain the water over the peaches; let them stand 24 hours; put over fire and boil slowly in same water until tender. Mash fine and add sugar and salt; boil slowly until stiff.

PRUNE AND PINEAPPLE MARMALADE

1 pound good prunes.
 2 cups grated pineapple.
 1 pound granulated sugar.
 $\frac{1}{2}$ level teaspoon salt.
 1 tablespoon lemon juice.

Wash prunes in hot water; put in saucepan and cover with cold water. Place on back of range, cover saucepan and let simmer until soft; remove stones, return the prunes to the water and boil slowly $\frac{1}{2}$ hour. Mash all thru strainer; return to saucepan; add salt and pineapple. Boil slowly 1 to 2 hours, or until thick. Add the lemon juice last. Some prunes thicken sooner than others. Canned pineapple can be used, put thru food chopper.

DRIED PEACH PICKLE

When fresh peaches are out of season, make peach pickles from the dried fruit. Soak the dried peaches over night and the next day the skins can easily be removed from most of them. Pin together 2 half-peaches of equal size with cloves and bits of cinnamon. Place them in cans, with an occasional almond to suggest a peach kernel, and pour over them hot, sweet, spiced vinegar. Let them stand at least a week.

HOT BREADS AND HOT CAKES

HOT CROSS BUNS

1 cup milk, scalded and cooled.
 ¼ cup shortening or butter.
 ½ cup sugar.
 1 egg.
 ¼ cup chopped seeded raisins.
 1 yeast cake.
 ½ teaspoon salt.
 3¼ cups sifted flour.

Dissolve yeast and 1 tablespoon sugar in the lukewarm milk; add 1½ cups flour to make a sponge; beat until smooth, cover and let rise until light in warm place for about one hour. Add shortening and sugar, which have been creamed, well-beaten egg, raisins, which have been floured, and rest of flour or enough to make a moderately soft dough and salt. Turn on board; knead lightly, place in greased bowl.

Cover and set aside in a warm place until double in bulk, which should be about 2 hours. Shape into medium-sized round buns, place in well-greased shallow pans about 2 inches apart. Cover and let rise again, about 1 hour or until light. Brush top with well-beaten egg and milk (1 egg and 2 tablespoons milk). With sharp knife cut a cross on top of each. Bake 20 minutes. Just before removing from oven, and while hot, fill crosses with sugar.

MAPLE ROLLS

2 cups flour.
 2 teaspoons baking powder.
 ½ teaspoon salt.
 2 tablespoons shortening.
 ½ cup milk.
 ½ cup grated maple sugar or brown sugar.
 1 tablespoon melted oleomargarine.

Sift baking powder and salt into bowl, add shortening; rub in very lightly; add milk enough to make a dough so it can be rolled ¼ inch thick; brush with melted oleomargarine and sprinkle with maple sugar; wet edges with milk and roll same as jelly roll and cut into 1-inch pieces; put into well-greased pie plate; brush top with milk; put into hot oven and bake 20 to 25 minutes. Remove from plate at once before the sugar hardens.

BREADCRUMB MUFFINS WITH RAISINS

- $1\frac{3}{4}$ cups milk.
- 1 egg.
- 1 tablespoon melted butter or oleomargarine.
- 2 teaspoons baking powder.
- $\frac{1}{8}$ teaspoon salt.

Soak the breadcrumbs in the cold milk or rice stock for 10 minutes; add the sifted flour, raisins, baking powder and salt, the well-beaten egg and butter, mix well; brush heated muffin tins with a little butter and put 1 tablespoon of mixture into each tin. Bake 20 to 25 minutes in hot oven.

- 1 cup flour.
- 1 egg.
- $\frac{1}{2}$ teaspoon salt.
- 1 tablespoon melted butter, oleomargarine or cooking oil.
- 1 tablespoon syrup.
- 2 teaspoons baking powder.

Put the cold boiled hominy thru food chopper; add the milk, well-beaten egg, salt, shortening and syrup; beat 3 minutes or until smooth and light; then add the baking powder, mix well; brush muffin irons with melted fat, fill half full and bake in hot oven 25 to 30 minutes. The dough must be quite stiff.

HONEY BRAN MUFFINS

- 1 cup bran.
- 1 cup flour.
- $\frac{1}{2}$ teaspoon salt.
- 2 teaspoons baking powder.
- 1 cup milk.
- 1 tablespoon melted shortening.
- 2 tablespoons honey.
- $\frac{1}{4}$ cup chopped seeded raisins.
- 1 egg.

Mix bran, flour, salt, baking powder and raisins; add milk, shortening and honey, also well-beaten egg. Brush muffin pan with melted fat; put into hot oven; bake 25 to 30 minutes. This makes 12 large muffins.

BISCUIT DOUGH HOT CROSS BUNS

- 2 cups flour.
- 2 teaspoons baking powder.
- 1/2 teaspoon salt.
- 2 tablespoons sugar.
- 2 tablespoons shortening.
- 1 egg.

- 1/2 cup seedless raisins.

Sift dry ingredients together, add shortening and rub in very lightly; then add raisins or currants, which have been floured. Beat egg until light, add milk enough to fill the cup, add to dry ingredients to make a soft dough (save 1 tablespoon to brush the top), put on floured board, pat until 1 inch thick, cut with small biscuit cutter; put close together in well-greased pan; brush top with egg and milk, and with sharp knife cut a cross on top of each one; bake in hot oven; brush with 2 tablespoons sugar and milk.

PEANUT BUTTER BISCUIT

- 2 teaspoons baking powder.
- 1/2 teaspoon salt.
- 1/2 cup peanut butter.
- 1-3 cup milk.

Sift flour, baking powder and salt into bowl; add peanut butter and rub in very lightly; add milk, put on floured board and roll out 1/2 inch thick. Cut with small cookie cutter. Brush top with milk and bake in hot oven 10 or 12 minutes.

BUCKWHEAT CAKES

Buckwheat flour can be purchased ready prepared, and all that is necessary when mixing is to put 1 tablespoon of syrup in the batter, which can be mixed with milk, half milk and half water, or all water. In that case I would suggest putting a little melted butter or drippings in the batter. The syrup makes it a rich brown.

Or it can be mixed as follows:

- 2 cups buckwheat flour.
- 2 cups milk, or half milk and half water.
- 1 tablespoon melted fat or oil.
- 1 tablespoon syrup.
- 1 teaspoon salt.
- 2 teaspoons baking powder.

Mix well until smooth; then add the baking powder last.

RICE GRIDDLE CAKES

- 1 cup rice. 1 cup flour. 1½ cups milk.
- 1 tablespoon molasses.
- 1 tablespoon melted butter substitute.
- 1 level teaspoon salt.
- 1 well-beaten egg. 1 teaspoon baking powder.

Mix the first 5 ingredients together until smooth, then add the egg and baking powder. Fry on hot griddle that has been brushed with drippings or oil.

PLAIN GRIDDLE CAKES

- 2 cups flour.
- 1½ cups milk.
- 1 tablespoon molasses.
- 1 tablespoon melted butter substitute.
- 1 level teaspoon salt.
- 2 teaspoons baking powder. 1 well-beaten egg.

Mix the first 5 ingredients together until smooth, then add the egg and baking powder. Fry on hot griddle that has been brushed with drippings or oil.

CORNMEAL GRIDDLE CAKES

- 1 cup cornmeal. 1 cup boiling milk. 1 egg.
- 2 teaspoons baking powder.
- ½ teaspoon salt.
- 1 tablespoon melted butter or substitute.
- 1 tablespoon molasses.

Put the cornmeal into bowl, cover with the boiling milk; when cold, add the salt, butter or oleomargarine, molasses, baking powder and the egg, which has been beaten until light; mix well and bake on hot griddle, which has been brushed with drippings, using only a small amount for each. Bake until nicely browned. If your batter seems too thick, add a little more milk, as these cakes are not good if too thick.

POTATO BUCKWHEAT CAKES

- 1 cup mashed potatoes. 3 cups buckwheat flour.
- 1½ cups milk.
- 1 tablespoon melted fat or oil.
- 2 tablespoons syrup.
- ½ teaspoon salt. 4 teaspoons baking powder.

Add the milk to the potatoes, beat until smooth, add molasses, salt and fat, then sift in the flour and baking powder. The dough must be rather stiff. Fry on hot greased griddle.

FRENCH TOAST

$\frac{1}{2}$ cup flour.
 $\frac{1}{2}$ cup milk.
 1 egg.
 1 teaspoon baking powder.
 $\frac{1}{4}$ teaspoon salt.
 Sliced bread.

If the bread is very dry, dip in cold milk very quickly, lay on strainer, then dip in batter. Fry in hot drippings; drain on paper. Sprinkle with sugar and cinnamon (4 tablespoons sugar to 1 of cinnamon).

Batter: Sift the flour, salt and baking powder into bowl; add the milk and well-beaten egg; beat well and dip the bread into it.

CREAM TOAST

6 or 8 slices bread.
 2 cups milk.
 1 tablespoon butter.
 1 tablespoon flour.
 $\frac{1}{2}$ teaspoon salt.

Remove the crust from the bread and toast a nice brown. Lay on hot platter, pour the sauce over and place in oven a few minutes.

Sauce: Put the butter into saucepan; when melted, add the flour, mix well and add the cold milk slowly, stirring until smooth and creamy; add the salt.

GRIDDLE CAKES FROM LEFT-OVER BEANS

$1\frac{1}{2}$ cups beans mashed thru strainer.
 1 cup flour.
 1 cup milk.
 1 level teaspoon salt.
 1 tablespoon cooking oil.
 1 tablespoon syrup.
 1 egg.
 2 rounded teaspoons baking powder.

Mix the beans and milk until smooth, then add the remainder of ingredients. Beat 5 minutes; add baking powder, mix lightly and bake on hot griddle. This dough must be quite thin.

Left-over green peas or split peas can be used the same way.
